MEXICAN FEDERAL LIEUTENANT IS KILLED BY TWO AMERICAN OFFICERS

Acosta Crosses El Paso Bridge Declaring He "Was Going to Kill A Gringo"

FIRES ON AMERICANS

Officers On U. S. Side of Bridge When Foreigner Shoots--Prepare Troops for Movement

'CHARGE DENIES REPORTS

EL PASO, Texas, Sept. 6.—Before Lieutenant F. Acosta, an officer in General Salazar's federal commission at Juarez, crossed the Stanton street international bridge this afternoon he remarked that he "was going to kill a gringo." He was killed by United States Customs Inspector T. F. Jonahan and Immigration Inspector Thomas N. Heifron after he had opened fire on them with a rifle on the American side of the international boundary. He was shot through the mouth and arm and his horse, from which he had dismounted, was shot through the side. The American officers were uninjured.

Heifron on American Side.

Heifron was standing at the American end of the bridge when Acosta opened fire at him. He fired back, using an automatic pistol. Johanan hastened to his assistance and began firing at the Mexican. The Mexican officer was within thirty feet of the Americans before he was killed.

Two troops of the thirteenth cavalry were ordered to the bridge following the shooting in order to restrain the 1,000 Mexicans who had gathered on the Mexican side of the bridge. General Hugh L. Scott, commander of the U. S. troops, was notified of the shooting and he ordered all troops to be prepared for movement to El Paso from Fort Bliss in case of trouble. Tonight a detachment of cavalry has been left at both international bridges and all army officers and troops have been ordered to remain at quarters in case of an outbreak among the Mexicans.

Strong Feeling Manifested.

Strong feeling against Americans was manifested in Juarez by Salazar's federal troops following the shooting. L. Oleson of El Paso crossed to the Mexican side with a party of American men and women and reported later to American army officers that a federal officer drew his pistol and threatened to shoot him. Oleson stated that the American women were insulted by the Mexican officer. They escaped injury by opening their automobile to full speed and hurrying to the American side. They stated that several Mexican soldiers threatened them and shook their fists at them as they were going through the streets of Juarez. Other Americans have reported being threatened.

Inspector of Mexican Consulates M. E. Diebold, of El Paso, is conducting an investigation of the shooting.

Place Officers Under Arrest.

American officers placed Heifron and Jonahan under arrest after the killing. They were released on $1,000 bonds.

Mexican officers at Juarez tried to stop Lieut. Acosta from crossing the bridge before his invasion but he threatened to shoot any one who interfered with him. The Mexican officers said that he had been drinking and after he was killed a bottle of Mexican whiskey was found in his saddle bags. Acosta came to Juarez from Chihuahua with General Salzar's troops a few days ago. The body is being held in El Paso. Friends of Acosta in Juarez have asked for permission to remove it to Juarez.

O'Shaughnessy Denies Reports.

Mexico City, Mex., Sept. 6.—Persistent assertions in the news despatches and direct inquiries by American papers have brought from Charge O'Shaughnessy the positive declaration that neither provisional President Huerta nor Foreign Minister Gamboa has given him assurances, verbal or otherwise, that General Huerta will not be a candidate for the presidency at the next elections further than the reiteration by Senor Gamboa in the statement he made in response to the second American note that General Huerta was prohibited by a clause in the constitution from becoming a candidate.

Charge O'Shaughnessy has advised the state department at Washington to this effect. He apparently is at a loss to know the basis of the statement attributed to him that he had been given further verbal assurance.

Broadens Consular Powers.

Washington, Sept. 6.—The United States government today broadened the powers of its consular representatives in Mexico to such a degree that it is believed there will be no further obstacles to a more general withdrawal of American citizens from the danger zones of the southern republic.

American consuls in Mexico were expected to furnish first class transportation to any who desired it on condition that they later reimburse the state department. Supplementary instructions were issued today, however, to give Americans whatever transportation they desired and they would be expected to reimburse the government only if they were able and at their convenience. The adoption of this liberal policy resulted from the possibility that many Americans would needlessly linger in trouble-torn districts unless every facility for their departure was afforded.

HOT SPRINGS ISSUES APPEAL FOR OUTSIDE ASSISTANCE

Thousands Have Been Rendered Penniless and Homless and Need of Assistance Is Imperative—Area of 200 Acres Burned.

Hot Springs, Ark., Sept. 6.—Hot Springs, fire swept six million dollars of its property destroyed and 2,500 of its people homeless, today issued an appeal for outside aid. The announcement says:

"Thousands of persons have been rendered penniless and homeless. The destitution is acute and the need of assistanee is imperative and immediate. Ordinarily we would take care of our local citizens in a disaster of this kind. * * * * But there are hundreds of citizens from other states thrown on our bounty. This makes our burden great indeed."

The appeal was authorized by a committee composed of city officials, and citizens. M. A. Eisle, a prominent citizen, was chosen treasurer.

The city, exhausted in fighting the conflagration which burned over an area of 200 acres, never-the-less devoted the day to relief measures for the homeless. Three thousand dollars, subscribed at a mass meeting in the forenoon, was devoted to their pressing needs.

Tonight two companies of state troops are enroute to Hot Springs on order of Governor Hays and the request of city authorities to aid in policing the city. Latest estimates of the loss very but little from the earlier figures—$6,000,000.

JESSIE WILSON'S MARRIAGE TO TAKE PLACE NOVEMBER 25

Will be Thirteenth Wedding Solemnized in White House—To be a Most Brilliant Affair

Cornish, N. H., Sept. 8.—The marriage of Miss Jessie Wilson, second daughter of President Wilson, to Francis B. Sayre, of New York, is to take place at the white house in Washington on Tuesday, Nov. 25. The announcement was made in the summer white house today by Mrs. Woodrow Wilson through her secretary, Miss Isabel L. Hangner.

This, the thirteenth wedding within the white house, is to be an afternoon affair. Although the desire of President Wilson has always been for extreme simplicity, it is understood that he has given his consent to places which call for an affair as brilliant as any that has ever taken place in the historic mansion at the nation's capitol. Details of the wedding are withheld for the present.

SUNDAY SCHOOL TEACHER CHARGED WITH EMBEZZLEMENT

Mattoon, Ill., Sept. 6.—U. T. C. Rice, 72 years old, who has been a teacher in the local Sunday school for forty years, was tonight unable to give bail in the sum of $2,000 for his appearance at the city court, on a charge of embezzlement. Rice is said to have embezzled funds entrusted to him by widows and poor people of this city to the amount of more than $200,000. Rice, who is ill at his home, is guarded by two deputy sheriffs. He was indicted for embezzlement.

NEW BERLIN MOB SETS PRISONERS AT LIBERTY

RIOTERS DECLARE ARRESTS WERE MADE WITHOUT PROVOCATION

Tear Lock From Prison Door and Release E. D. Jericho—Repeat Performance When Another Is Arrested—Aldermen Head Mob.

NEW BERLIN, ILL. ,Sept. 6.—Twice tonight a mob composed of the leading citizens of the town, ruled the town and set two prisoners at liberty by forcibly tearing the lock from the door of the prison. The riot was in rebellion against the action of policeman Sam McGinnis, who had arrested two men, the rioters say without provocation.

The policeman after making the arrest of one man, E. D. Jericho, defied Acting Mayor Isley and a number of aldermen, refusing to turn the prisoner loose. He also refused to give up the keys to the prison. The mob then tore the lock from the prison door and set Jericho at liberty. The policeman arrested a youth Jim Corbett and the mob repeated their action. While there were veiled threats against the policeman's safety he was led away from the scene by a number of his friends. A number of alderman headed theh mob.

HEAT WAVE OVER KANSAS AND OKLAHOMA CONTINUES UNABATED

Farming Operations Are Almost at a Stand-Still in Many Places in Kansas and Missouri—Promise Cooler Weather Today.

Kansas City, Mo., Sept. 6.—Over Kansas today the heat was unabated. Manhattan reported 105. At Abilene 105 also was recorded, this being the fifty third day of this summer on which the mercury has been above the 100 mark. Salina reported 102, Topeka, 97. Promise of cooler weather for the entire southwest is made for tomorrow by the government observer here. In western Missouri temperatures slightly under 100 prevailed. The mercury climbed to 102 in parts of Oklahoma and very light rains were reported from some sections of that state.

Farming operations are almost at a stand-still in many places in Kansas and Missouri. Farmers cannot plow for fall crops because of the drought. The wheat acreage is likely to be cut on this account, according to reports reaching here.

New Heat Record For Lincoln.

Lincoln, Neb., Sept. 6.—Temperatures of 100 degrees for every day this month following fourteen days of over 100 degrees or more in August, has set new heat record for Lincoln and southeastern Nebraska. There has been no rain of consequence in Lincoln for 40 days. The maximum temperature today was 102.

DISCUSS PREVENTION RATHER THAN THE FIGHTING OF FIRES

At Closing Convention of International Association of Fire Engineers William Doyle Declares Sixty Per Cent of Fire Loss is Preventable.

New York, Sept. 6.—The prevention of fires rather than the fighting of disastrous conflagrations by means of the most modern equipment was the trend of the speeches delivered at the dinner which closed the convention of the International Association of Fire Engineers. The speakers included William Doyle, former fire marshall of Illinois and prominent fire chiefs of the country.

Mr. Doyle declared that sixty per cent of the fire loss in the United States is preventable. His experience had taught him, he said, that "the chief cause of spontaneous combustion is the friction between a heavy insurance and an over-valued stock of goods."

MISSOURI FARMERS OPTIMISTIC.

Columbia, Mo., Sept. 6.—The state crop report of the Missouri board of Agriculture issued this year says that despite the drouth the farmers of the State are optimistic. The report analyzises conditions throughout the State, especally as they effect corn and livestock.

Reports from the 114 counties place the condition of corn 41.8, a loss of 29 points for the month. One year ago it was 86.8. Pastures are so burned that the condition is placed at only 25 percent. It is estimated that 30 per cent of the farmers are now feeding new corn.

TROOPS PREPARE FOR WINTER.

Calumet, Mich., Sept. 6.—Believing that the copper miners' strike will be polonged, the military authorities have begun preparations for cold weather.

Orders have been given for woolen uniforms for 500 men and sweaters and gloves have been ordered.

The men will be thoroughly equipped for winter. Further evidence of a long struggle is the boarding up of mine buildings and shafts at some of the mines in the northern end of the district.

MAYOR OUSTS COMPTROLLER.

St. Louis, Mo., Sept. 6.—Mayor Chamberlin of East St. Louis, Illinois this afternoon, ousted city comptroller Rodenberger and appointed as acting comptroller W. W. Kimball, a clerk in theh office. The mayor served notice on Rodenberger that this action was taken because the city comptroller had failed to properly to safe-guard the records of his office.

FINAL DEBATE ON BILL THIS WEEK

Although Great Progress Is Made in Tariff Discussion No Vote Is Reached

MAY REACH VOTE TOMORROW

After Four Months of Discussion in the Senate the Revision Bill Is Believed to Be Certain of Passage as It Is Now Framed

BILL IS REPORTED TO THE SENATE

WASHINGTON, Sept. 6.—The Democratic tariff revision bill late tonight was reported to the senate from the committee of the whole. The senate then adjourned until 10 o'clock Monday, when consideration of deferred features will begin. Passage of the bill Monday night or early Tuesday was predicted tonight by senators on both sides.

Among matters still to be presented by minority members are amendments to the wool, cotton and metal schedules and the income tax. Senator LaFollette, on Monday, will discuss his amendments to the textile schedule. Senators Jones of Washington and Norris of Nebraska will offer inheritance tax amendments and Senator Norris also proposes to press a coffee valorization amendment.

Tonight the senate agreed to the income tax section as amended by the Democratic caucus and the finance committee, the tax on cotton futures with the date for its operation extended to September 1, 1914, and the proposal to compel the payments of the full international revenue tax on brandies and neutral spirits used in the manufacture of sweet wines. The committee struck from this proposal the provision that it did not become effective until January 1, 1914, but Senator Stone announced that owing to extensive sparings given those interested in the proposal the committee had agreed that the whole matter should be thoroughly debated when the bill reached the conference.

Though great progress was made today on the tariff bill, administration leaders saw a vote on the measure before adjournment was impossible. Final dbate will come next week and there is a strong probability of a vote Monday night. A continuous session was held, however, until late tonight to get the bill out of committee. It was made almost a certainty today that the Democratic radical revision bill would be passed as it now is framed, after four months of discussion in the senate. Confident of solid Democratic support—except for the votes of Senators Ransdall and Thornton of Louisiana, who bolted free sugar—the Democratic leaders were given additional ground today to hope for support from some of the Progressive Republicans. A few days ago, when the vote of a Democratic senator was reported to be in doubt, one of the leading supporters of the administration asserted it made no difference what his colleague did, the party had assurances of support from the minority. Some of the leaders tonight predicted the bill would pass with a majority of four or five votes.

After the Democratic caucus, which extended into the early hours this morning, all obstacles in the way of party harmony had been removed.

Scratch Countervailing Duty.

An important development of the day was the striking from the bill by order of the finance committee of the countervailing duty on wood pulp, a provision designed as relation against Canada for wood pulp restrictions. The free leather paragraph was amended to make sure the free importation of all the others. Many other minor details were disposed of.

Senator Cummins in a speech devoted to an attack on alleged discrimination of railroad rates in favor of importers made an effort to have the senate adopt an amendment that would prevent railroads from charging a higher rate for carrying American made goods than they charge on imported goods over the same trackage.

He declared it was unfair to American manufacturers and farmers to allow foreigners to have lower freight rates within the border of the United States. He gave figures to show that import rates on wheat from Canada to American points like Duluth, were less than rates within the United States for the same distance.

The Cummins railroad amendment was defeated 33 to 24.

Senator Simmons, leading the Democratic forces against the provision said that the Democratic program for the next session of congress would embrace adequate consideration of trust and railroad questions.

Senator Penrose's anti-dumping clause amendment which would prevent exporters in foreign countries from selling surplus goods in this country at a price lower than the prevailing market price abroad was defeated 34 to 15.

Amend Income Tax Section.

Amendments to the income tax section, as agreed upon late last night at the Democratic caucus, were adopted practically without debate when offered by Senator Williams. The chief amendment increases the income tax rate from the limit of the original house bill and makes the total income tax amount to one per cent on incomes from $3,000 to $20,000; 2 per cent from $20,000 to $50,000; 3 per cent from $50,000 to $75,000; 4 per cent from $75,000 to $100,000; 5 per cent from $100,000 to $250,000; 6 per cent from $250,000 to $500,000 and 7 per cent above $500,000.

Senator Bristow gave notice he would again offer his amendment for a graded tax running up to over 10 per cent on incomes above $100,000.

The amendment will be offered when the bill comes before the senate for final action.

Senator Poindexter's amendment to create a tariff commission controlled by congress, but it was rejected by a vote of 21 to 33. Senator Norris of Nebraska made a vigorous appeal for the Cummins amendment providing a tax of ten per cent on all sales on stock exchanges on boards of trade wherein the seller is not the owner of the stock at the time of the transaction. It was rejected by a vote of 16 to 35, Senator Sherman of Illinois being the only Republican to vote against it.

SEEK ARREST OF BELLEVILLE BANKER

WARRANT IS ISSUED FOR HENRY J. FINK, A PRIVATE BANKER

Disappears From Belleville About Two Weeks Ago and is Found In St. Louis—Warrant Issued By Man Who Made Fink Trustee of a $1,500 Mortgage.

ST. LOUIS, Sept. 6.—A warrant was issued in Belleville, Illinois, late this afternoon for the arrest of Henry J. Fink, the private banker who disappeared from Belleville, nearly two weeks ago and a week later was found at the home of a relative in St. Louis.

The warrant was issued on complain of Joseph Bier, who claims that he made Fink trustee of a $1,500 mortgage. The mortgage, Bier said was released, but of this fact he was not notified by Fink.

Developments moved rapidly in the investigation of Fink's affairs today. The Fidelity and Deposit Company of Maryland began an inquiry into Fink's connection with the estate of William Schaeffer as conservator. The executor of the estate claimed that Fink had failed to turn over to him property valued at $20,000.

Fink, a private banker, had a large clientage among the residents of Belleville and surrounding towns. Many small savings had been entrusted to him for investment and as security for these funds, only his personal notes were given, in many instances.

After he was found in St. Louis, Fink told a newspaper reporter that his business amounted to about $200,000 a year and that his total investments approximated a million dollars.

An examiner for the state auditor's department yesterday reported a discrepancy of $6,000 in the building and loan association of which Fink was secretary until his disappearance. Five thousand dollars of this was made good by Fink's bondsmen and the rest was guaranteed by first class securities.

Fink Gives Self Up.

Fink learned that a warrant had been issued and went to Belleville, Illinois tonight and gave himself up.

Fink was released on bond. He had started back to Belleville before the deputy sheriff arrived to arrest him. He was starting back to Belleville, Fink gave out an interview in which he denied that he tried to run away, that he has nothing to fear and that all claims against him "will be satisfied when the business has been straightened out." He declared he has done nothing criminal. "Any one might make bad investments, especially one who handles large amounts of money and turns them over often", he said.

AGREE TO LAY MATTER OF CANAL SUIT BEFORE M'REYNOLDS

Dunne, Members of Commission and Federal Authorities Consult Relative to Suit to Enjoin Payment of $50,000 Appropriation.

Springfield, Ill., Sept. 6.—Governor Dunne, members of the Illinois canal commission and federal authorities consulted today relative to the suit filed by Judge Richard E. Burke, Chicago, to enjoin payment to the canal of an appropriation of $50,000 made by the last general assembly. It was agreed to lay the matter before United State Attorney General McReynolds. The commissioners claim the canal will revert to the government if an effort is not made by the state to keep it navigable.

WILLIAMS IS WINNER.

Haverford, Pa., Sept. 6.—R. Norris Williams, 2nd, who has figured so much in lawn tennis on both sides of the Atlantic this year, today won the inter-collegiate singles championship, defeating W. M. Washburn 6-4 6-3, 6-4, 6-1 but in the doubles championship Washburn paired with J. A. Armstrong and defeated Williams and E. H. Whitney in five brilliant sets 4-6, 4-6, 7-5, 9-7, 6-2. All the players in today's matches, were the Harvard colors, the last of the contenders, from other colleges having been eliminated yesterday.

THAW REGRETS JEROME'S ARREST

DENIES THAT HE OR HIS LAWYERS INSTIGATED N.Y. MAN'S ARREST

Thaw's Statement Is Given Out By Hotel Proprietor Who Serves the Prisoner Meals—Jerome Goes To Norton Mills, Vermont.

COATICOOKE, Quebec, Sept. 6.—Harry K. Thaw regrets that William Travers Jerome was arrested in Coaticook yesterday charged with gambling and denies that he or his lawyers instigated the arrest. Moreover Thaw would have been glad to furnish Jerome's $500 bond.

This was the statement made by Thaw today as given out by Andre Pousseau, the hotel proprietor, who serves the fugitive's meals and who incidentally was one of Jerome's bondsmen.

Mr. Jerome was not here today to hear Thaw's expressions of good will. He went to Norton Mills Vermont yesterday soon after he was released on bail and today, according to the understanding, here took train for Montreal to prepare for the court battle when Thaw is brought before the King's bench on a writ of habeas-corpus September 17. It was understood here tonight that Jerome's case had been called to the attention of the minister of justice and that Counsel looked for a quashing of the charge.

Tomorrow will mark Thaw's third Sunday in Canada. Since Wednesday evening last he has been but nine miles from the Vermont border but figuratively speaking he was tonight, in view of the proceedure yet to come, perhaps farther from Matteawan than at any time since his escape.

Hector Verret, representing Jerome, announced late tonight he would endeavor to have the Jerome case brought into court Monday instead of Thursday.

The reason for this is the desire of those assisting Jerome to clear the matter up as soon as possible in order that he may proceed with the Thaw case unhampered.

An effort will be made to have Magistrate Mulvena of Sherbrooke preside, thus taking the case out of the hands of Justice McKee, who so roundly denounced Jerome in court today. If the proposal goes through Jerome will be asked to return from Montreal at once.

No Intention of Jumping Bond.

Island Pond, Vt., Sept. 6.—"I have no intention of jumping my bonds at Coaticook," William Travers Jerome said tonight. Mr. Jerome was asked whether he would return to answer the charges of gambling made against him at Coaticook and he exclaimed. "Of course I am. I shall return as soon as I can but I may not be able to get back there for a few days. Attorney Verret will fix the date for me."

Jerome, who came in his motor car, is going through to Montreal tomorrow, he said, but refused to discuss his plans. "You may be sure we're not going to sit back and let the other fellows put something over on us," he said. "We'll get Thaw yet."

WILL MAKE NO PARTY ALLIANCES.

Galesburg, Ill., Sept. 6.—Indications that the women of Illinois are agreed to avoid party alignments in view of their newly gained suffrage was voiced today by Mrs. Blondelle Vertrese to-ver of the Galesburg equal suffrage association in her speech at the Henderson Home coming celebration today.

"The women intend to vote for candidates who stand for social purity, temperance, right living and the protection of the home, regardless of their party," she said.

NOMINATES IRVING SHUMAN.

Washington, Sept. 6.—President Wilson today nominated Irving Shuman, of Illinois for assistant treasurer of the United States at Chicago.

BUFFALO, Sept. 6.—The United Spanish war veterans at the closing session of their tenth annual encampment today voted to hold the 1914 encampment at Louisville, Ky.

PROVIDENCE, R. I., Sept. 6.—John Henry Stinnes, formerly Chief Justice of the Supreme Court of Rhode Island, died tonight of heart trouble. He was widely known as an authority on canonyeal law in the Episcopal church and was a member of the house of deputies of that church in the United States. He was 73 years of age.

POLICE ASKED TO SEARCH RECORDS

Officers Looking for Murderer of Chicago Chinaman Find Black Book of Federation

MANY LETTERS ARE FOUND

Epistles Signed by White Girls Lead Authorities to Believe They Have Uncovered White Slave Ring

KEEP MOST OF CONTENTS SECRET

CHICAGO, Sept. 6.—The police of a dozen cities were tonight asked to investigate the records of residents living at addresses recorded in the black book of the Chinese federation today by the police while searching for the murderer of Charles Sing, a Chinese merchant here.

The apparent importance of the black book and its list of addresses with its marginal notes in Chinese characters caused the police temporarily to lose sight of its search for the assailant of the Chinese.

Chinese interpreters declared that the book listed agencies for conducting sales of opium and that the book apparently had been the property of a Chinese official high in some smuggling ring.

Contained Records of Smuggling.

The book also contained records of Chinese smuggled into the United States across its various borders and the police believe that the network of cities comprises a tunnel for hiding smuggled Chinese until they can be assimilated by the Chinatowns of the big cities.

More than twenty letters signed by white girls found near the book also caused the police to believe they had uncovered a so-called white slave ring. One letter was signed by Emma Davis of Joliet, Ill., sister of Mrs. Alice Sing, the white wife of the dead Chinese. In part the letter read: "If you send me my fare I will come and see you Wednesday evening, but don't tell Alice. She would be mad." Most of the other letters were in a similar vein.

Keep Most of Contents Secret.

The police kept the contents of most of the book secret, but it was said they were preparing to turn it over to federal officers. The police said its revelations probably would result in convictions in three branches of the secret service, the smuggling both of opium and Chinese and by the department investigating the Mann White Slave act.

John Davis, of Kansas City, Mo., the father of Mrs. Alice Sing, came here today and visited his daughter at the hospital. For the first time since Sing's body was discovered her voice returned to her and she whispered "Hello father." Then her voice apparently failed and she was unable to answer questions.

Dr. Louis Mangan, attending physician, said Mrs. Sing was suffering from hypnotic paralysis brought on by herself. The girl's father declared his daughter had become interested in the Chinese through mission work in the Kansas City Chinatown.

Formerly Lived in Kansas City.

Kansas City, Mo., Sept. 6.—Alice Davis, who became the wife of Charles Sing, the Chinaman murdered in Chicago, came to Kansas City from Gibbs, Mo., about four years ago. She was employed at a Chinese restaurant, according to local Chinese and afterwards joined a mission.

Sing was the properitor of several chop suey restaurants here and had a wide acquaintance. None of the Chinese here would admit that Sing might have been the victim of a riot, but it was suggested Sing might have been killed for his money, "because he liked to show a big roll of bills wherever he went."

IZME WINS HONORS.

Netley, England, Sept. 6.—The eliminataion trial for the selection of the third of the defenders of the International Motor Boat trophy was sailed today. Albert Vickers' Izme won the honor by defeating the Batbow, also owned by Mr. Vickers and Dan Hanbury's Silver Heels.

The other two boats selected on August 25, are Mackay Edgar's Maple Leaf IV., and H. Hollingsworth's Crusader.

WEATHER INDICATIONS AND TEMPERATURES

ENROLLMENT INDICATES SUCCESSFUL YEAR

Number Registered and Interest Shown Prophecies Good Year at J. H. S.

With an enrollment of 362 pupils and a prospect of more to follow, including a number of tuition students from over the county and with the members of the faculty on hand for hard work, indications were bright Saturday for the work this year at the Jacksonville high school. It is probable that the enrollment will reach 380, or thirty above the first day attendance last year. High school will open Monday at 8:45, at which time Supt. Gore has requested the pupils to meet in the study hall.

The policy of the high school for the coming years as announced by Mr. Gore will be one of moderation and adherence to methods which have proven successful elsewhere. He does not propose to spend much time experimenting or to make many radical changes. He has expressed a desire for the friendly co-operation of the parents and regularity of attendance from the pupils. He urges parents to start their children on the first day and not cause inconvenience for the teachers and trouble for the children by unnecessary delay.

MRS CARRIEL NOW ENROUTE FOR THE UNITED STATES.

Expects to Reach New York City Sept. 10th—Weather Hot in Sao Paulo.

Mrs. Mary T. Carriel, who for the past year has been visiting her son Arthur at Sao Paulo, Brazil, has sailed and will land in New York City, Sept. 12, according to a letter received by her daughter, Mrs. W. D. Roberts of this city. The weather in Sao Paulo, Mrs. Carriel says, is hot by day but cool enough at night for the inhabitants to sleep under blankets. Sao Paulo is in the southern hemisphere, at about the same distance from the equator as Key West, Fla. Mrs. Carriel described also the welcome with which a trunk from the United States was received which contained a quantity of canned goods and some feather pillows. The Brazillians do not use feather pillows but employ a kind of fluffy seed instead. Canned goods in Sao Paulo of the kind bought in Jacksonville for ten and fifteen cents sell for a dollar per can in Brazil. Butter sells at from three to four times the price in this country and prunes are sold at one dollar per pound.

You are invited to attend the "Tom Thumb Wedding" at Centenary M. E. church Tuesday night.

LAND SALE POSTPONED.

On account of some unforeseen matters connected with the estate of the late Herman Freitag, the land sale announced for Saturday by William Batz, executor of the estate, was postponed. It is understood that Mr. Batz made the change in order to have the sale at a time more satisfactory for all the heirs.

Take the children to see the "Tom Thumb Wedding" Tuesday night at Centenary M. E. church.

WILL SET DOCKET.

Members of the Morgan county bar are notified that the bar will meet with Judge Brockhouse in the circuit court room Tuesday, Sept. 9, at 9 o'clock to set the docket for the September term of the county court.

SOCIAL EVENTS.

President and Mrs. Harker entertained at dinner Saturday evening at the Woman's college the Methodist ministers of the city and their wives. The occasion was one of great pleasure.

The "Boosters' Club" of the United Commercial Travelers composed of the wives of the members gave a chicken supper last night at Nichols park, which was greatly enjoyed. The chicken was fried under the management of L. B. Crowe, Harry Myers and Leroy Craig. There was present sixty-five and after the supper a social hour was enjoyed.

Mrs. Daniel Leavitt Clark entertained a company of friends at her home, eight miles from New Berlin Saturday, at a sewing in honor of her mother, Mrs. W. A. Furr, who is to leave Monday for her new home in Carbondale. Most of the guests were from Jacksonville and they left the city on the 8:28 Wabash train Saturday morning and were met at the station at New Berlin by Mr. Clark and Clinton Corrington, who took them to the Clark home in their automobiles. The guests from this city were: Mrs. J. C. Fairbank, Miss Georgia Fairbank, Mrs. C. M. Daniels, Mrs. Lee Doane and daughter, Carolyn, Miss Adelaide Abott, Mrs. C. H. Smith, Mrs. Hattie Doying and Mrs. F. C. Coe. Other guests were Miss Conover of Ashland, Mrs. Hattie Corrington of New Berlin and Mrs. Furr and two daughters, Dorothy and Mary. The day was very pleasantly spent in sewing and social conversation and at noon an elaborate chicken luncheon was served. The guests were taken to the station at New Berlin at 4 o'clock and returned at 5:15 o'clock.

Mr. and Mrs. P. H. Cully, northwest of the city, gave a party last night in honor of the 18th birthday of their daughter, Elsie. There were over fifty guests present and the time was happily spent in playing games, listening to music and socially. In the games prizes were won by Muriel Stanley and A. W. Waltman. The decorations in the parlor were green and white; in the living room, yellow and green, and in the dining room, pink and white. Elegant refreshments were served. Miss Elsie received a large number of beautiful presents.

Miss Anna Brown of 1042 West State street entertained a small company of friends Saturday evening at an informal dance. The event, which was every much enjoyed by all present, was in honor of Miss Brown's guest, Miss Corinne Datchelder of Peoria.

BROOKLYN CHURCH ASKS RETURN OF REV. HY S. ALKIRE

Last Quarterly Conference Was Held Yesterday—Reports Were Read and Officials Named.

The fourth quarterly meeting of Brooklyn and Asbury M. E. churches was held Saturday afternoon at the Brooklyn church. There was a large attendance of official members and the meeting was in charge of Rev. F. A. McCarty, district superintendent. All the reports were given in full except for one, which was lost by a member and it was given verbally.

The official boards of the churches passed complimentary resolutions concerning the work of Rev. Hy S. Alkire with an invitation for his return the coming year.

District Superintendent McCarty spoke highly of the pastor and of the reports given. After the meeting adjourned the pastor invited the officials to the lawn where watermelon was served and a brief social time enjoyed.

The following were the officers named:

Brooklyn trustees—Dr. W. P. Duncan, J. M. Starr, J. H. Reid, C. A. Boruff, E. F. Mitchell, T. B. Reeve, G. E. Belzer and L. T. Potter.

Parsonage board of Brooklyn and Asbury—T. S. Hembrough, Peter Hammel, Lester Reed, J. D. Hembrough, Dr. George Stacy, J. C. McBride and George A. Crabbe.

Asbury trustees—Aaron Howe, A. B. Green, W. E. Barrows, George McKean, W. A. Reed, W. H. Hembrough and J. A. Hembrough.

Stewards of both churches—E. R. Hembrough, Frank Bourne, Mrs. Mary Moon, Miss Sallie Stacy, T. S. Hembrough, Aaron Howe, Charles Redding, Nellie Glenn, Mrs. Eva Potter, J. H. Reid.

Recording steward—C. A. Boruff.

District steward—E. R. Hembrough.

SECURITY TAKES FIRST PRIZE.

Bird Dog Owned by A. M. Masters of This City Wins Over Large Field of Starters.

Towner, N. D., Sept. 6.—Security, owned by A. M. Masters of Jacksonville, Ill., today won the all-age event of the all-American field trials being held here over an immense field of starters.

The above dispatch was received by Associated Press. Security is a son of Hard Cash and took first prize over a field of twenty-eight starters, the dogs being tried out on prairie chickens. The dog is 3 years old and the prize has a cash value of $250. In speaking of his dog Saturday night, Mr. Masters stated that he won first with him in Canada last year, and during the last nine years has won 59 prizes with his canines, the majority of them beeing firsts. He also stated that he won eleven times with one dog. Security is kept in Jacksonville by Mr. Masters, but last winter he was kept in the south.

FUNERALS WILL BE HELD TODAY.

Services for Both Men Killed at Arenzville Friday to Be Held at Meredosia Residences.

Funeral services for Tek Wilday and Charles Pate, who were killed when a Burlington train struck their automobile Friday evening, will be held at their homes today. Services for Mr. Wilday will be held at his late residence four miles east of Meredosia, this morning at 10 o'clock. Mr. Pate's funeral will be held at his late residence in Meredosia this afternoon at 2 o'clock.

Coroner George Barneycastle of Beardstown went to Arenzville Saturday morning, where he held an inquest, with the following men as jurors: John Rahn, foreman; John Zulauf, E. B. Hierman, J. F. Lovekamp, V. Hahling and J. A. Hays. The witnesses were Aaron Smith and Sylvester Buck, eye witnesses to the accident; Guy Wilday, a son of one of the dead men who was in the automobile at the time of the accident; Samuel Liston, engineer of the train; C. H. Stevens, the fireman; Mr. Jones, the conductor, and Mr. Bastle, the brakeman. The testimony was substantially the same as the story that appeared in Saturday morning's Journal and the jury returned a verdict that the men came to their death by being struck by a C., B. & Q. engine, without holding anybody responsible for the accident.

Advice to Farmers of Moderate Means

If you have not enough money to buy and stock a farm in the prosperous Western country; or if you want to get some experience in irrigation farming before buying you should take a "cheap ticket" trip out to the Big Horn Basin of Wyoming, and look that wonderful country over well.

The Big Horn Basin is filled with rich, irrigated farms, and you can rent one of them on shares—fair terms and no cash payment. Then you will quickly get the experience that will teach you just what to do afterwards.

You should also look into the value of the "Carey Act" farms. Fifty cents an acre to the state, and a sum yearly to the irrigation company for water rights until fully paid. You do not have to live on the land to acquire title.

The very best markets are close at hand, so you can sell at top prices all the alfalfa, potatoes, wheat, oats, dairy products and fruit that you can raise. It is true therefore, that these farm lands today priced at a low figure, will in a few years' time be worth big money. That's always the history when such lands are open to the extensive markets.

Write me at once and I will tell you everything about it. I am paid by the C., B. & Q. Railroad to do this, and to help you in every way possible to find just what suits you.

A special cheap Home Seeker's Excursion will leave on October 7. Plan to go with me. It will be the trip of your life and will lead to your good. There is no greater opportunity in America today, and the man who neglects it will have cause for regret.

Write me today for full particulars.

Boils Are a Bad Indication

Dangerous Fallacy that they are Healthy—Stop them.

The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, sluggish circulation and a morbid condition of the body. Use S. S. S. for the blood.

It has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all, this remarkable remedy is welcome to the weakest stomach.

You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 185 Swift Bldg., Atlanta, Ga.

CATTLE KILLING SPORTING CONTESTS NOT CRUEL BUT INTERESTING EVENTS

REVIEW OF FIRST WORLD'S CHAMPIONSHIP MATCH, HELD IN CHICAGO IN SUMMER OF 1872

Charley Leydon Dresses Steer from Morgan County in 3 Minutes 45 Seconds---Men Taking Part Afterwards Prominen in Affairs of Nation and State---Champion Dies Broken Hearted Shortly After Winning Contest.

The daily newspaper of the day is the vehicle through which all of the world's events must be chronicled in order to satisfy the appeals of a heterogenous clientele. One reader is interested only in local personal chit-chat; others' appetites are appeased when the market quotations are to their liking; some prefer to digest everything appertaining to the church and religion; many believe there is nothing astir in the world unless some jingo is boiling the cauldron to bring on war with the Japs or with the imbibers of mescal down in Mexico, while the demand upon the newspapers for sporting events is ever on the increase, until at present that department is second to none in the way of popularity.

It is to satisfy this latter demand that the Journal (upon request) will review the first championship beef killing contest ever held. Some prudes may consider the killing of beef as a sport nothing short of a revival of the brutalities of the days of the Cretans and the Romans. There is no cruelty whatever in these contests, and compared with the prize ring or with football, a cattle killing match is as tame as a pink tea soiree upon the lawn of a village graveyard. The sacrifices are put out of commission by a blow just back of the joining of the horns, and are then dressed and skinned just as grand'dad did it back on the farm in the early times, and exactly as it is being done today with the beeves from which we are permitted, at the prices, to get out moiety of chuck steak when we are entertaining company at dinner. The contestants invariably are dressed in immaculate white, except for a trousers covering of sailor's ecru oilskin. In fact, the present champion, Mike Mullen, always enters a match wearing a Piccadilly collar and flashy necktie.

Charles Leydon First Champion.

The first contest ever held was pulled off behind closed doors in Schoenemann's old slaughter house on the old Archer road, now Archer avenue, Chicago, in July, 1872. The match was for a diamond-studded belt, and Charley Leydon, a mere boy (he had just turned 21) standing 5 foot 2 inches and weighing 128 pounds, was pitted against George Schmidt of Bridgeport, Conn. The butcher from the Nutmeg state was a giant, standing 6 foot 3 and weighing 225 pounds. Jere Donavan knocked down the 1,648 pound steer for Leydon, and his brother, Mike, officiated as chare boy, carrying off the head, the hoofs, hide and entrals for the Chicago lad. For Schmidt, Fred Busse (not Unzer Fritz, ex-mayor,) felled a 1,652 pound steer, and Tommy Carey performed chore duty. The judges were Jim Peavy (afterward an alderman and prominent in state Democratic politics), John Wall and Dick Sheehan. The timer was Eddie Wall, and the writer held the pen over the score card.

Gladiators Begin Hostilities.

After the steers had been felled the task of hoisting the carcasses was commenced by the attendants. In those days a hand windlass was used and compared with the present day electrical appliances was a tedious task. Leydon was quick to start, bleeding his steer before the haunches had left the floor and by the time the carcass was in position on the shambles the entrails had been cleaned out and he was at work removing the hide. Schmidt was slow to get into motion, and when he had started his "blow" to ease the removal of the hide, Leydon was at work with the sponge and water, cleaning off his beef. Just as the Dutchman was inserting his knife in the tail crotch to assist in ripping the skin loose, the stop watch held by Eddie Wall caught Young Leydon as he finished his task in 3 minutes, 45 second. Schmidt plodded on and finished in 5 minutes, 45 seconds. The scorer after the timing went over both beeves for "skivvers" (knife jabs). On the inside of the Leydon beef the only jab found was one the size of an ordinary pinhead, made as he lifted his knife from beneath the entrals. The hide was perfect, and the judges allowed a clean score. The Schmidt beef was hacked in four places on the inside; the sides were "skivvered" in three places and the hide showed eleven jabs, evidence that the Connecticut man had taken at least that many swipes with the knife to remove the covering. He was charged with eighteen marks, which made his time for dressing the beef 9 minutes flat.

Schmidt Defaults in Second Match.

The outcome of this first match was not satisfactory to Schmidt, and a second meeting was arranged a few months later. This contest was held in the Reid & Sherwin slaughter house, near Archer road on a street which if the curb lines were straight instead of being 45 degress on the bias would be a continuation of the present Wallace street. The same performance took place in preparation as existed in the first match. Leydon, however, went at his work so quickly that Schmidt took on a huge package of rattles. Before the youngster's attendants had his beef securely hooked to the gambol sticks he was at work upon the tail crotch in readiness to tear off the hide. Schmidt's knife had not yet reached the brisket in his steer when he observed the Leydon lead. He quit short, dropped his blade tool into his water bucket, and announced: "Shentlemen's, I'se plays quits; Charley he is too schmardt for me." Leydon then turned his beef over to his attendants, wrapped up his steel and blade, drew on his patent leather shoes, and started east on Archer road whistling, "When Johnny Comes Marching Home. Had Schmidt not flunked Leydon would have reduced the record he had established in the first match, because from the point were he was working when the race stopped the distance to his finish line was only 1 minute, 30 seconds, and he had proceeded but a slight fraction stronger than one and one-half minutes when his opponent quit.

Steers Came From Morgan County.

The steers used in the first match were selected from a bunch of cattle which had been bought from Robert Strahorn & Co. Strahorn was a commission merchant who handled the George and John T. Alexander and the Jacob Strawn cattle shipped from this section. Jimmy Strawn was chief bookkeper and financial man in the Strahorn office. Outside of the Morgan county cattle this commission man dealt largely in long-horns from the Texas panhandle. In those days these long-horns were known as hat-racks. They were grass fed and weighed any where from 700 to 1,100 pounds. As noted above the cattle used weighed 1,648 and 1,652 pounds and were cornfed. George Alexander was at the Chicago Union Stock Yards the day previous to the match and he had several bunches of cattle upon the market. And it is from this line that the writer bases his opinion that the cattle came from this section.

There were no more contests for several years, Leydon continuing undisputed champion until his brothers, one the parish priest at St. Ann's Catholic church, and the other a member of the then board of county supervisors, known now as county commissioners, objected to Charley holding the diamond belt, emblematic of the world's butchering championship. His brothers hounded the "kid" until he tossed the prize into the keeping of a small aid society of cattle butchers, where it was afterwards lost sight of, supposedly having been broken up and fashioned into rings to adorn the third finger of the right hand of some of the butcher boys' sweethearts. There were several brushes for local supremacy in the late 70's and early 80's, usually at the annual outings of the Cattle Butchers' union. About ten years ago at a picnic held at Willow Springs, Ill., a championship match was contested by Mike Mullen, foreman of the Swift cattle beds, and Westphall, a giant Franco-American, from one of the San Francisco abattoirs. County Commissioner James J. (Buck) McCarthy and Bod Lafferty were two of the judges. From persons who were present at this match is is learned there were some lively doings, Mullen getting the verdict in a little stronger time than four and three-quarters minutes. His work compared to that of Westphall was sloppy, and Buck McCarthy put up a strong howl to have Mullen disqualified, the rantankerous stock yarde statesman pointing out a score or more of "skivvers" in the Mullen steer's hide, to say nothing of the dozens of jabs in the beef.

Mullen has remained champion ever since, because of the fact that the men who do the cattle killing in the big packing factories nowadays have very little of the red blood flowing through their veins. Numerous strikes at the packing plants caused a wholesale displacement of the former experts with the steel and the blade, their places now being filled by cheap labor from Bulgaria, Servia, Crotia, etc.

Leydon Dies From Broken Heart.

When Charley Leydon hearkened to the demands of his brothers and passed up his belt he became downcast and moody. To his friends he changed over night from the bright, good natured, hale fellow well met, to the rankest sort of a grouch. He imagined all the world was against him, and he accepted the beckoning of John Barleycorn to banish his sorrows. He did not survive long in his battle against the "old red Pluto," and when the six feet of earth surrounded his remains in Calvary cemetery there was lost to the world one of the squarest and most morally clean young men who ever was fondled by a loving mother and kindly father. A broken heart carried Charley Leydon away long before his allotted time.

George Schmidt long since has been "gathered unto his fathers." Of the others, Jere Donavan and Fred Busse imagined shortly after this match that they were the coming boxing champions of the world. A go was arranged in three weeks after Leydon won the championship, and one bright morning just as the sun was breaking over the marshes at the spot which is now Hammond, Ind., Jere and Fred stepped into a 24-foot squared circle and went into it London prize ring fashion. Busse lasted three rounds. This easy try flushed Jere, and he soon went east and met Paddy Clohesey, a stove molder, at Watervliet, the site of the government's oldest arsenal, situated between Albany and Troy, N. Y. In six rounds Paddy convinced Jere he was not even an apprentice in the fighting game. Mrs. Jere, a most estimable woman, also convinced Jere his country was losing a No. 1 butcher and the prize ring was being inflicted with a dub. He went to Cohoes, N. Y., and started in business. A few years ago he retired and now in the ember days of his life he is enjoying a well-earned rest with a goodly share of the world's goods.

Mike Donavan also went east, locating in New York, where he established a boxing school. He became tutor for New York's 400, and today about Wall and Broad streets in the financial district can be located hundreds of the young millionaires, and old ones, too, who were taught the hook, the jab, cross-counter, sidestep and the upper-cut by Mike. While Theodore Roosevelt was president Mike made frequent trips to the white house and instructed Teddy in the manly art of self defense. The original "lily white" and "trust buster," Senator Robert LaFollette, also was one of Mike's students, as were several other senators, congressmen, judges, etc. Mike is not worrying about room rent and he knows where his next meal is coming from. He has plenty of the stuff that makes a noise in this dizzy old world, but Mike is not given to making a noise; he is 24 carat pure in good, hard common sense.

Jim Peavy became a prominent cattle buyer, and later was an alderman. He was in the front ranks among Democratic politicians at the time of his death about 16 years ago. Dick Sheehan, John and Eddie Wall also have "gone over the trail from which no weary traveler returns," and a kind Providence has permitted the writer to live so that he might inflict upon indulgent Journal readers this—"skiddo."

"BOB" BURDETT REPORTED I. C. COMMENCEMENT.

That Robert J. Burdett, the celebrated humorist, was sent as a young reporter from Peoria to "cover" commencement week at Illinois college is a fact not generally known to old time residents of Jacksonville and friends of the school on the "Hill." When mustered out of service in the civil war, newspaper work was the occupation to which the humorist and author-to-be turned for a livelihood. That the humonist, now retired, has not togotten his days of "cubhood" is shown by a letter received last month by J. Clay Elliott of Mound avenue, in which Mr. Burdett refers to his experience on the Peoria paper in these words: "When I was a 'cub' reporter, many years before you were born, one of my first big assignments sent me away down to aJcksonville to cover commencement week at 'Old Illinois.'" The letter, which bears the date of August 26, was written from Mr. Burdett's summer home at Redondo Beach, Cal., and concludes with an expression of thanks to the man who is able to wake the memories of a happy past of of a pleasant event in youth.

TRAVERS AGAIN WINS NATIONAL AMATEUR GOLF CHAMPIONSHIP

Wins Trophy For Fourth Time By Defeating J. G. Anderson of Boston 5 up and 4 to Play.

Garden City, N. Y., Sept. 6.—Jerome D. Travers, three times holder of the National Amateur golf championship, won the trophy this afternoon for the fourth time by defeating John G. Anderson of Boston by 5 up and 4 to play.

Travers putted his shot from the fourth tee into a trap but Anderson topped his drive and Travers won 5 to 6, Travers 3 up.

The next hole was evenly played for a half in 4's. Both played accurately for the sixth hole from the tee. Travers was about four feet short of the hole but Anderson was twenty-five feet away in his third. He made a fine try but overplayed and Travers missed the short putt to win. The hole was halved in 5's. Travers 3 up.

The seventh was halved in 5's. The drive from the eighth by Travers was right in the middle of the fair play. Anderson sliced into the grass one the side but a six foot putt saved him and the hole was halved in 4. The ninth was played evenly for a half in 4's. Travers 3 up at the turn. The cards:

STOVALL GIVEN VACATION BY PRESIDENT HEDGES

President of St. Louis Browns Claims Manager Has Made No Effort to Develop New Players Sent Him.

St. Louis, Mo., Sept. 6.—George Stovall, manager of the St. Louis Americans since the latter part of the season of 1912, was tonight given a vacation for the balance of the season. President Robert Lee Hedges announced that James Austin, the club's third baseman, would be in charge of the team until a successor to Stovall has been elected.

Hedges said that in all probabilities Branch Rickey, former American league catcher and scout, would be his new manager. Whether Stovall would guard first sack next season depends on his attitude toward the new manager, it is announced.

Trouble has been brewing between manager and president for a month or more, Hedges claiming that Stovall was making no effort to develop the new players sent to him and blaming Stovall for his failure to get the team higher than seventh place.

GERMANS RETIRE FROM SERIES OF SONDER YACHT RACES

With Absence of Any Breeze the Germans Stand no Show With American Boats in the Drifting Contest.

Marblehead, Mass., Sept. 6.—With the victory of the American Yacht Ellen in another light weather contest, the Germans retired finally today from the fifth international sonder yacht series, after four of the most unsatisfactory races ever held by representatives of the two countries in these small boats. Three American boats—Ellen, Cima and Sprig—will race again Monday.

"We brought three boats of tried ability in any sort of reasonable breeze but as not one of them was a drifter, we had no show," said Dr. Rakenius, one of the crew of the Serum and a participant in the international sonder racing for several years.

Usually an international sonder yacht race is sailed in something less than two hours but the four completed races consumed from three to four hours and a half each while yesterday the expiration of the five hour time limit stopped the drifting contest.

Except for a few minutes after the start, when the Angela IV clung close to the Sprig, the German yachts did not have the slightest chance in today's contest. The Ellen, owned by Charles P. Curtis of Boston, scored the fourth American victory and won the second leg on the President Wilson cup.

The Ellen was followed closely by the Cima and far astern trailed the Sprig, Angla IV and Serum. The Wittelsbach X withdrew after the first round.

AMERICAN RUNNER WINS.

CHATTANOOGA READY FOR G. A, R. ENCAMPMENT

Soldiers Who Fought on Both Sides of Great War Will Be There.

Chattanooga, Tenn,. Sept. 6.—"I am coming to the national encampment. I may never attend another. I want to see old Lookout Mountain again and Snodgrass Hill and the battlefields of Nashville and Franklin. And I want to meet my old comrades, probably for the last time, in the shadow of Missionary Ridge, where we fought side by side in 'the battle above the clouds,' just fifty years ago."

The above is one of the thousands of similar letters that have been received by the local committee from veterans all over the country and which indicate that the national encampment of the Grand Army of the Republic soon to assemble in this city will be one of the best attended in the history of that organization.

The encampment will be far broader in its scope than a mere reunion of the soldiers who wore the blue. The indications are that thousands of gray clad veterans who followed the fortunes of the confederacy will be present to greet their former foes and to join with them in saluting the starry banner that waves over north and south alike. As a demonstration of patriotism the encampment promises to be scarcely less notable than the great reunion held on the battlefield of Gettysburg in the early summer.

The activities of the encampment will begin one week from today, when Alfred B. Beer, of Bridgeport, Conn., commander-in-chief of the G. A. R., will arrive with his staff and open headquarters at the Hotel Patten. For the seven days following there will be a constant succession of interesting events The end of the encampment will come on the fiftieth anniversary of the closing day of the great battle of Chickamauga, where Americans met Americans on one of the most hotly contested fields of the war, where many thousands on both sides gave their lives or suffered from wounds fighting for that which they believed was right.

200,000 Visitors Expected.

Chattanooga expects to entertain 200,000 visitors during the week of the encampment. The first two days will be given over entirely to reunions of army corps, brigades and regiments that participated in the many battles that were fought in this vicinity. Two of the most notable of these reunions will be held by the Society of the Army of the Cumberland and the survivors of Wilder's Brigade.

The annual parade, always one of the most impressive features of the G. A. R. encampments, will take place Wednesday morning. Many of the old soldiers will be too feeble to march in the ranks with their comrades. Realizing this, arrangements have been made to furnish carriages and automobiles for those who wish to participate in the parade, despite their ability to stand the strain of marching. Others will occupy reviewing stands, where they can witness the parade and cheer their comrades as they pass.

The first business session of the national encampment will open next Thursday morning. The principal item of business will be the selection of a new commander-in-chief. The contest for the honor already bids fair to be one of the most spirited in many years. Five states, South Dakota, Michigan, New Jersey, Indiana and Nebraska have entered favorite sons in the race. South Dakota has indorsed Capt. H. H. Kingman, who served through the war with the 13th Wisconsin regiment and has been one of the most prominent figures in the G. A. R. since its organization. The choice of Michigan is ex-Congressman Washington Gardner, who enlisted in the union army when only sixteen and followed Sherman from Chatanooga to Atlanta. New Jersey's candidate is Col. Ralph D. Cole, who is expected to have the support of many veterans of the east and the New England states. Indiana is campaigning for Comrade O. A. Somers, who counts upon the support of all "who believe that the time has come when a private soldier should be honored." Nebraska has entered the lists with Col. C. E. Adams, a banker and farmer of Superior, Neb., who has a distinguished war record linked with the history of the 14th Army Corps.

But after all, the business of the encampment will be of secondary consideration. The informal reunions the renewing of old friendships, visits to the old battlefields and numerous feature of entertainment will take up the most of the time of the visitors. Guides will be furnished to pilot the old soldiers and their friends through the Chickamauga Military park, to point out Snodgrass Hill, where Generals Thomas, Steedman and others checked the advance of the confederate forces and saved the union army. All are expected to visit again the scenes of the great battles of Lookout Mountain, Orchard Knob and Missionary Ridge, while many parties from the north will extend their sight seeing tours as far as Kenesaw Mountain, Altanta, and other places where history was made in the '60s.

THE FAMOUS "GRACELINE" SUITS AND COATS, THE BEST VALUES IN THE MARKET ON SALE ONLY AT HERMAN'S.

"THE HALF HAS NEVER BEEN TOLD."

R. M. Wakely called attention of the Journal man yesterday to the fact that not nearly the half regarding the walnut log business had been told. Mr. Wakely says he has now at New Orleans 30,000 feet of walnut logs; at Strawn's crossing, 10,000; at Literberry, 12,000; at Prentice, 10,000; at Arenzville, 40,000 and at this city 13,000. He says he has loaded at Arenzville this year 75,000 feet of walnut logs and is in the business of buying them all the time so it seems that our neighboring town in Cass county has something except the cup that inebriates to sell.

PLEASED WITH DAKOTA.

Last spring C. O. Myers of the northwest part of the county moved to Madison, S. D., and Mrs. Myers is here for a visit with friends and gives a hopeful report of conditions where she lives. She has with her some samples of corn and it will make a fine crop if frost will hold off three weeks more. They have had good rains and conditions are generally encouraging.

PRINTYPE

Receives the Plaudits of the Public.

Vigilant protector of people's eyesight, hailed as a benefactor by many thousands of enthusiastic admirers. "Officer Printype" responds with becoming modesty.

Officer Printype says: "I am overwhelmed by the ovation which has greeted my appearance in your midst. I am simply doing my sworn duty in ridding the Business and Financial Districts of the Bad Characters that for years have made Typewriters a menace to your eyesight. I have mercilessly exposed and relentlessly pursued these dangerous Typewriter Types, which are responsible for more cases of Defective Vision than all other causes combined.

"Report direct to my Headquarters, in the Oliver Typewriter Building, Chicago, any machine whose type is violating the Optical Law and I'll have the offender haled before the court of Public Opinion."

Printype— OLIVER Typewriter

Printype is owned and controlled exclusiveiy by The Oliver Typewriter Company.

America rings with praise and applause for Printype. This superb new typewriter type has attracted more attention than any typewriter innovation brought out in recent years.

Hundreds of thousands of people have seen this new type and wondered what it was that made Printype correspondence seem like a spoken message. There's virility, strength and charm in Printype correspondence. There's refinement and "class" and style.

Not because of its novelty—it's inherent in the type.

A Vast Improvement

Printype is designed in shaded letters and numerals, like the type in which books and magazines are printed. It is book type transformed and adapted to modern typewriter requirements.

This radical departure from the old style "outline" letters makes it possible to produce, on The Oliver Typewriter, a page of manuscript as clear and attractive as that of the finest book. The Oliver is the first and only typewriter that successfully prints print.

The Primary Reason

Printype resulted from our discovery that "out line" type, with its sameness, due to absence of shading, was harmful to the eyes.

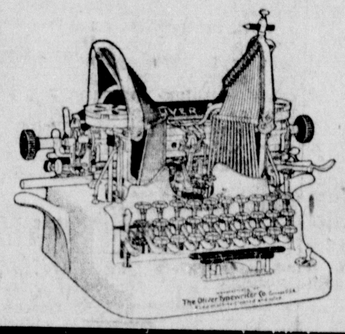

The Silent Test

For months, without any advertising, we put hundreds of Printype Oliver Typewriters into actual service, in many diverse lines of business. We wanted the public's verdict. It came in a burst of admiration and a flood of orders that proved Printype a brilliant success.

Printype letters, whereever seen, excited the keenest interest. Business men who received the first Printype letter almost invariably answered, post haste—"Where did you get that type?" Thus Printype captured the country without firing a single shot.

Price Not Advanced

The Printype Oliver Typewriter sells for $100. You can pay at the rate of 17 cents a day. The "Printyper" is our latest and best model. The new type adds 25 per cent to the value, but not one cent to the price. A small cash payment brings the machine. (248)

PARIS LETTER.
By Associated Press.

Senor Miguel Diaz-Lombardo, European representative of General Carranza, leader of the Mexican Constitutionalists, directs the work of the propaganda from the luxurious apartment looking over the Avenue Bis de Boulogne, which he first occupied as President Madero's minister to France. Ready to his hand he keeps a map of Mexico, upon which he marks out in black each part of territory wrung from the forces of President Huerta, reported by cable or letter.

Senor Diaz Lombardo is a quiet, earnest man, neither given to invectives against his adversaries nor to exaggerating the successes of his friends. He does not believe that General Huerta and his party are going to be overcome with ease, but he is full of confidence that Senor Carranza will triumph eventually, though the moment of his triumph may be a long way off.

While expressing the greatest admiration for President Wilson as a man of uprightness, a friend of peace and of Mexico, Senor Diaz-Lombardo considers that the step he advocated, the resignation of Provisional President Huerta, and a clean slate election, would not have the effect of pacifying Mexico, even assuming that General Huerta would consent to it. The elections would be carried out under the present government and it was hardly to be expected that they would allow themselves to be turned out if they could help it. In other words, the election would bring about no change whatever in the situation, and would not be accepted by the Constitutionalists nor by the followers of Zapata, who though not actually co-operating with the Constitutionalists, have the same social, political and economic program.

Senor Diaz-Lombardo points out that many of the customs ports are in the hands of his party, and that most of the other sources of revenue are crippled by the destruction of means of communication. The total income of the Huerta government is now about $2,400,000 per month, most of which is wanted for the army, whereas at least $8,000,000 is necessary to carry on the work of administration. If the troops are not paid t hey will desert an eventually paid they will desert, an enventualty which cannot be staved off indefinitely, in view of the prohibition by the French government of French loans to Mexico, upon which the Huerta government had been counting.

Brindejonc des Moulinais, the champion long distance flyer, says that by far the greatest difficulty to the touring aviator is that of finding his way. After several years of study and experiment the National Areial League of France has devised a method of directing signs which will remove this trouble. This system has been approved by the French Ministry of public works, and the league authorized to put it into practice.

Many devices were considered, but the one which appeared to meet all requirements in the best and simplest way consists in painting the large figures representing the latitude and longtitude of each town in huge white letters on the top of the gasometers in every town possessing a gas plant. The latitude will be to the north and the logitude underneath the south. Thus an aviator flying over the town will know not only what the town is but also if he is on the right course, and if not, how far and in what direction he has deviated from it. In other words, he will be supplied with the same information as a ship's captain would obtain from taking an observation with a sextant.

The managers of the gas plants at Amiens, Toulouse and Nancy have already undertaken to place the signs and the recent congress of gas companies has pronounced in favor of the request of the league. As there are 830 gas companies in France, every town of any importance will in the near future have its aerial sign post. The league, however, will not be content with this; it contemplates placing signs in every village.

As the system is applicable to every country using the ordinary numerals, it is hoped that the initiative of the French league will be followed by every similar organization in Europe. M. Rene Quinton, president of the league, has devised a series of figures after exhaustive experiments conducted from the summit of the Eiffel Tower. The outlines are somewhat different from those of ordinary numerals, notably in the case of the 4, 9 and 8, so that they may be read distinctly and easily from a great height.

A USEFUL INVENTION.

J. G. Grantham of Butler, Ill., has invented and patened a device by which it may be easy to tell when a bottle contains poison. It consists of a bottle with a series of spurs or sharp projections extending substantially along the length of the bottle, the series of projections at either end of the bottle being separated by relatively large bosses which have suitable finger hold positions so that the fingers may not be injured by coming in contact with the projections on the bottle. It is reported that he has had an offer of $10,000 for the convention of a cent each royalty on the bottles made Mr. Grantham was at one time a student at Whipple academy in this city and later attended Brown's business college.

GOOD RACING CARD AT ATLANTA FAIR MEET

George Wheeler's Horses Won Honors—Others in the Purvines String Made Good Showing.

At the Atlanta races the past week, George Ellerton, owned by George Wheeler of Alexander, won the 2:18 trot and his Jessie Mc took second money in the free-for-all. These horses have been in training by N. L. Purvines and others in his stables also made a good showing, as none of them was farther back than second in the Atlanta contests. George Wheeler, who returned Saturday from Atlanta, said that the attendance was large at the races and that the track was in excellent condition. The fairgrounds too, he says, are about as attractive as he ever visited.

The first start made from the Purvines barn was Theresa Directly, related to Directum I, who won the big stake in the Grand Circuit races at Hartford, and owned by George M. Stuart of Winchester. She finished 2, 1, 2, 2, time 2:25, 2.24½, 2:27, 2:25, getting a divide of first and second money. Mr. Wheeler's Jessie Mc was the next starter. She took second money, best time 2:20¼. The third starter was Counsellor Doone, owned by George Peak of Winchester and he won in straight heats, best time 2:19¼.

The fourth start was by George Allerton, 2:19¼. He stepped the first mile in 2:17¼ and won, second in 2:17½ and third in 2:18 and a great race it was.

EDUCATED HORSES WITH THE 101 RANCH SHOW

Difference Between Training and Educating is Pointed Out.

"There is a vast difference between training a horse and educating a horse," remarked Mr. Edward Adlington, one of the owners of the 101 Ranch Real Wild West Show this morning.

"When a horse is trained he goes through his routine just as an unwilling boy goes to school. He does what he has to do through fear of punishment. With a horse who has been educated it is different. He takes pride and pleasure in showing off his accomplishments. We have with the 101 Ranch show a number of horses who have been educated and are admitted to be the most proficient high school horses ever exhibited. They have never had a whip on them and all of their schooling on the ranch has been through kindness. It is a pleasure to see them perform, for they go at it willingly and seem to know that the success of the performance depends just as much on their efforts as on any of the other acts. Our show does not believe in the whip for horses and a groom might just as well leave the show as to use a whip. Any horse that cannot be made to mind and do as he is told to do without being whipped is no horse for us. Why, we will not even allow any of the grooms to swear at the horses. There is no animal that appreciates good treatment more than a horse, nor is there any animal that will resent cruel treatment quicker. I know that a horse can tell when the groom has been drinking and have noticed that the horse is ever nervous. Let the groom get rattled and the horse soon will be. When something unusual is expected of the horse just let him know what it is and he will soon help you do it, but get rattled yourself and you will soon have your horse in the same condition. We have a stable of nearly five hundred head and I will venture to say that there is not one of this number that does not know what is expected of him daily and willingly does it. If all the drivers in this city would leave the whip in the stable and learn to gain the confidence of their horses they would have a lot less trouble in getting them to do what they want them to do." The 101 Ranch Real Wild West Show will be here on Tuesday, Sept. 16, at W. Lafayette Ave., and Chestnut St., and with it the finest stable of horses in the country.

SIFTON-BELL WEDDING.

Ottawa, Ont., Sept. .—A wedding today of interest to society in the capital was that of Miss Grace Christine Bell, daughter of Mr. and Mrs. Henry W. Bell, and John W. Sifton, son of the former minister of the interior and Mrs. Clifford Sifton. The ceremony took place at "Glenwood," the summer home of the bride's parents at Cotean Landing.

ILLINOIS COLLEGE NOTES.

Mrs. Genevieve Clark Wilson, the new vocal instructor at the Conservatory, and her daughter, Miss Genevieve, were in town on Wednesday. Mrs. Wilson has rented a house on Grove street. She will return in about a week. Several students met her during her brief stay in the city and completed arrangements for hours with her during the school year. Mrs. Wilson is at present filling an engagement at Alton.

Mrs. Jeannette S. Garrison Lead of Academy Hall, returned to the city a few days ago.

Miss Iva Mae Brown, '13, who has been spending the summer with Mrs. James A. Bawden, '11 at Culver, Ind., will return to Jacksonville next week.

Prospective students and parents are visiting the college every day to complete arrangements for the school years.

Registration days will be on September 22 and 23.

Professor Frank L. Bristow, '66, of Covington, Ky., recently received a letter from Miss Margaret Wilson, daughter of President Wilson, complimenting him on two songs of his own composition.

Miss Rudd, the president's secretary, will return to the office on Monday.

The ladies of the Christian church are planning to give a reception in the parlors of Academy hall on Monday afternoon, in honor of Mrs. Atwater, the national president of the Missionary society of the Christian church.

There is no foundation for the story which recently appeared in a local paper to the effect that Carl Lukeman, a member or the Illinois football team, was going to Wesleyan. Lukeman says: "I would not think of such a thing."

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR.

Make it Thick, Glossy, Wavy, Luxuriant and Remove Dandruff—Real Surprise For You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will clease the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yet—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

HYDE TRIAL NEXT DECEMBER.

Kansas City, Mo., Sept. 6.—When the case of Dr. B. Clarke Hyde is called in the criminal court here today the prosecuting attorney will ask that the trial be delayed until December in order that he may have time to prepare his evidence. It is expected that the defense will agree to postponement.

This will be the fourth trial of the famous case. Dr. Hyde is held for the alleged murder of his wife's uncle, Col. Thomas H. Swope, a millionaire philanthropist of this city. The motive alleged for the crime was a desire that his wife might inherit a part of her uncle's fortune. Col. Swope died on October 3, 1909. Dr. Hyde was tried in the May following, convicted and sentenced to imprisonment for life. The higher court remanded the case for a new trial. The second trial ended abruptly when one of the jurors escaped from the marshals. The third trial resulted in a disagreement of the jury.

BOLLEN IS RELEASED.

Springfield, Ill., Sept. 6.—The first of the year John Bollen of Chicago decided to turn over a new leaf and secure a divorce from the morphine habit. Knowing that it would be quite task and not wishing to fail in his efforts to reform, Bollen was committed to the house of correction upon his own request. Today Bollen thinks he is cured and upon recommendation of the state board of pardons, Governor Dunne commuted his sentence to expire at once. He has been a prisoner since January 1, 1913.

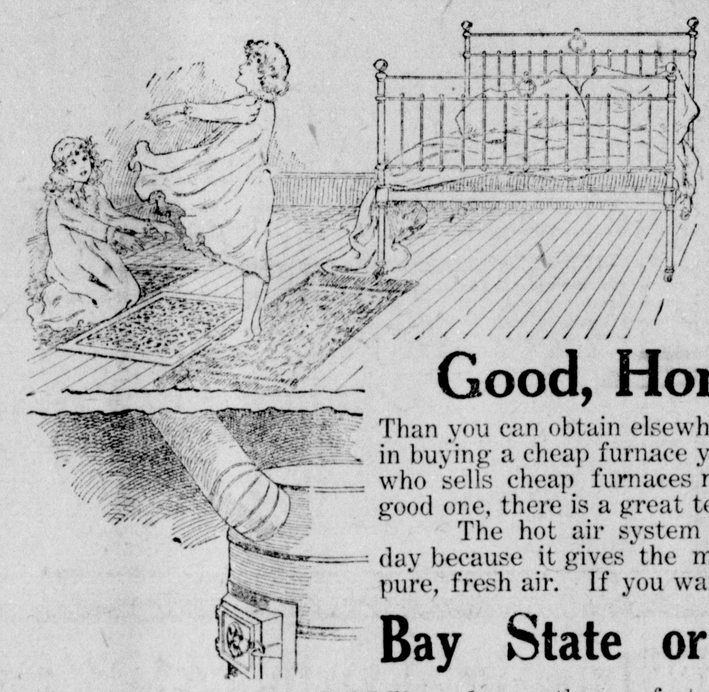

PONTOON TO SPAN CANAL.

Panama, Sept. 6.—After considering various plans to permit the crossing of the Panama Canal when water is admitted to the Culebra cut, and the present trestle is abandoned, Colonel George W. Goethals, chairman of the Panama Canal commission has approved the use of a wooden pontoon adapted for the design employed by the railroad in crossing the Mississippi River at Prairie Du Chien. The pontoon will be of sufficient size to carry the railroad track and to have a roadway for vehicles. With its approaches it is estimated that the pontoon will cost $112,000.

Not How Cheap but How Good

We are not in the furnace business to see how cheap we can build them. The trade of cheapening is one we never served in apprenticeship. It isn't worth a candle. The only way to get satisfaction out of furnace work is to do it as well as it can be done. We don't claim to have the cheapest furnace, but we do claim to give you more

Good, Honest Furnace Value

Than you can obtain elsewhere. You must not lose sight of the fact that in buying a cheap furnace you pay for what you get, and since the dealer who sells cheap furnaces makes as much profit as the one who puts up a good one, there is a great temptation to use the cheap price as a bait.

LOUIS DISBROW,
World's Dirt Track Racing King, One of the Many Great Drivers Who Will Take Part in the World's Championship Auto Races at the Illinois State Fair This Fall.

AUTO RACES AT ILLINOIS FAIR

Automobile Day, Oct. 11, 1913, to Be Big Day.

DARING DRIVERS TO RACE

Louis Disbrow, "Wild Bill" Endicott, John Raimy and Other Hair-Raising Speed Demons, to Try for Big Prizes.

The automobile races at the Illinois state fair this year will be one of the crowning features at that great exposition.

J. Alex Sloan, the world-renowned race manager, will have charge of these races, and promises that with fair weather conditions to give the visitors at the Illinois state fair some auto racing equal to any ever seen upon a dirt track.

The wonderful Louis Disbrow, dirt-track champion, with a long string of world's victories, will be seen this year driving his Red Dragon, new type of racing car equipped with wire wheels and all other modern speed devices.

John Raimy of Cincinnati will enter his famous Ohio 999, a powerful car built by the great Bob Burnman. Raimy is a daring driver and will take any chance to gain a fraction of a second.

Another great favorite who will be seen at Springfield this year is "Wild Bill" Endicott. Endicott has been called the dean of the Indianapolis speed way. He was forced out of the race this year on account of magneto trouble. Julious Goux, who won the Indianapolis race this year, said afterward that the only two men he feared were Endicott and Guyot. Endicott Case car is one of the fastest 450 cubic-inch machines in the world today. And with it must be figured as always in the running until the last flag drops.

Claud Newhouse and Heine Ulbricht are coming to the Illinois state fair auto races with their special racing creation and look out for them. They are not as old at the racing game as is Disbrow and Endicott, but are certain to give these old season drivers something to worry about before the close of the races.

There is no other race that will bring the people to the track as the auto race does. All chances of danger have been eliminated. Mr. Sloan is very particular regarding this and he says he would rather have the auto races a failure financially than to injure one single person.

All the stock judging and harness races will be over by noon Saturday.

The auto races this year, as last year, will be held upon Saturday, the last day of the fair, October 11, 1913.

Competitive Drill October 8 and 9.

The Springfield Commercial association has arranged to devote Wednesday and Thursday evening, October 8 and 9, of the state fair week to fraternal societies and are offering cash prizes to the successful societies entering.

According to the arrangements, Wednesday night will be devoted to a parade, and the lodge making the most attractive display, either by degree teams in uniform or float or other paraphernalia, will be awarded the following prizes: First prize, $150; second, $75; third, $25.

Thursday night will be devoted to a competitive drill, for which the following prizes will be offered: First, $300; second, $100; third, $50.

These events will be judged by U. S. army officers especially assigned to this duty by the war department at Washington, which will assure honest awards.

To all visiting bodies Adjutant General Dickson of Illinois has placed at the disposal of the committee the state armory for sleeping quarters, and will supply cots and blankets free of cost to all organizations entering these events.

For further information address, J. E. Gard, parade and drill director, Springfield, Ill.—Adv.

NOTES FROM THE LABOR WORLD.

Oregon was the first state to pass alaw for Labor Day.

One hundred and seventeen labor papers are published in Austria.

A workmen's compensation act will come into effect in West Virginia October 1.

The Wisconsin State Federation of Labor has established permanent headquarters in Milwaukee.

Following a long struggle the journeymen tailors of Scotland have received a wage increase of 10 per cent.

An official report recently issued gives $3 per week asthe average wage of farrm laborers in Ireland.

Motormen and conductors of Covington and Newport, Ky., have secured recognition of their union and an increase in wages.

British trades unions are planning to erect in London a magnificent labor temple at a cost estimated at nearly $1,000,000.

Springfield is preparing to entertain next week the annual convention of the American Brotherhood of Cement Workers.

George W. Perkins, president of the Cigarmakers' International union has sailed for Zurich to attend the International Labor congress.

Out of a total income of $2,000,000, the labor unions of Austria last year expended $250,000 for education and $280,000 in benefits for the unemployed.

The convention of the American Federation of Labor to be held in Seattle in November is expected to be the largest in point of attendance ever held by the organization.

The coal miners of Illinois are said to be better organized than those of any other bituminous coal mining state. One result of this has been the establishment of the eight hour day throughout the coal mining regions.

The industrial welfare commission of Portland, Ore., has recommended that all women workers in manufacturing establishments in that city shall receive a minimum weekly wage of not less than $8.64, and that they shall be employed not more than nine hours a day, or 54 hours a week.

The Australian wages board has fixed the minimum wages of the women employed in the boot and shoe industry and who have been at the trade four years at $6.20 per week of 48 hours. The minimum wage of women working at treadle machines, with hot wax, is fixed at $8 per week.

The convention of the United Association of Plumbers, Steamfitters, Gasfitters and Steamfitters' Helpers of the United States and Canada, which has just closed is sessions at Boston, authorized the raising of a defense fund of $225,000. All the members of the organization are to be assessed for the fund, which is to be used in case of big strikes. The convention voted also to increase the death benefit from $100 to $1,000.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.—Adv.

AMERICAN FIGHTERS TO INVADE PARIS.

New York, Sept. 6.—A wonderful string of American fighters, in point of numbers at least, sailed for the other side today in charge of Al Liaue. Included in the party are Johnny Daly and Joe Hyland of New York, Bobby Scanlon, Charlie Thomas and Barney Ford of Philadelphia, Biz Mackey of Cleveland, and Jeff Smith the New Jersey middleweight. The objective point of the bunch of ringsters is Paris, where the fight game is said to be flourishing like a green bay tree and where the Americans expect to reap a bigger harvest of dollars (or the French equivalent) than could be hoped for under the present conditions in this country.

INTEREST IN POLITICAL FIGHT IN MAINE.

Special Election Monday to Choose Successor to Representtive Godwin.

Augusta, Me., Sept. 6.—The most exciting political campaign ever known in the Third congressional district of this state came to an end today. On Monday the special election will be held to select a successor to the late Representative Godwin. The contest is between William R. Pattangall, Democrat; John A. Peters, Republican, and Edward M. Lawrence, Progressive. The Socialists and Prohibitionists have also named candidates, but they are not expected to cut much figure in the results.

That the contest is regarded as of far more than local importance is evidenced by the fact that the three leading parties have sent some of their best speakers, all men of national reputation, into the campaign. The importance of the contest is easily understood. Coming while the new tariff law is in the making, and when congress is preparing to put through a new currency bill, a Democratic victory will be regarded as a strong endorsement of the Wilson administration. If the Progressives should win, it would mean that the new third party must be seriously reckoned in all political contests of the future, while a Republican victory, on the other hand, would be taken as evidence that the breach between the factions is disappearing.

Each of the three parties regards the district as excellent fighting ground. Last year the district was carried by the late Congressman Goodwin, Republican, over Samuel W. Gould, Democrat, then then sitting member, by a plurality of 709. There was no Progressive candidate. Mr. Roosevelt, however, received in November more than 11,000 votes to about 5,000 for Mr. Taft in the district and ran only 272 votes behind Mr. Wilson.

NEWS FORECAST FOR THE COMING WEEK.

Washington, Sept. 6.—Of interest to the politicians will be Monday's special election in the Third congressional district of Maine to fill the vacancy caused by the death of Repdesentative Goodwin. It is a three cornered contest between the Democratic, Republican and Progrssive candidates, with each party predicting success.

Wednesday will be the 100th anniversary of Commodore Perry's victory at the battle of Lake Erie. The centennial will be observed with a great celebration at Put-in-Bay, within sight of which the battle was fought. Both the United States and Canada will be represented. President Wilson has promised to attend if his other engagements permit, and ex-President Taft will be among the speakers.

Another interesting anniversary of the week will be the centenary of the birth of Major General John Sedgwick, a distinguished soldier of the Indian, Mexican and civil wars, and one of the ablest officers of the Army of the Potomac. General Sedgwick was born at Cornwall, Conn., Sept. 13, 1813. He was killed near Spottsylvania Court House, Va., May 9, 1864.

At the invitation of the Swiss Federal council delegates representing the principal industrial countries of the world will assemble at Berne to consider the drafting of an international agreement to prohibit the employment of children below specified ages and to fix a maximum ten hour day for workers within certain other ages. Other events of the week abroad will include the annual grand maneuvers of the German army, which will take place in Silesia, and the annual meeting of the British Association for the Advancement of Science, in Birmingham.

Among the important meetings and conventions of the week will be those of the American Public Health association, at Colorado Springs; the American Fisheries society, at Boston; the American Association of Passenger Agents, at St. Paul; the American Chemical society, at Rochester; the Union Veteran Legion, at Zanesville, Ohio; the General Council of the Evangelical Lutheran church, at Toledo, and the Canadian Conference of Charities and Correction, at Winnipeg.

Misses Vera and Nan Crim have returned from Decatur and Sullivan, after a two weeks' visit with relatives and friends.

MUCH INTEREST CENTERS IN THE CONVENTION

DR. CHILTON TO BE ONE OF PROMINENT SPEAKERS AT CHRISTIAN CHURCH.

Has Acted As President of the American Christian Missionary Society—A. E. Cory of the Million Dollar Team Will Visit City Again—Some Prominent Sunday School Workers.

The Central Christian church will be a busy place Monday and for the balance of the week. About half a dozen publishing houses which print Bible School supplies, religious books as well as religious newspapers will be arranging elaborate exhibits in the basement of the church building. The State Board of the C. W. B. M. will be in session all day. Delegates will commence to arrive as early as Sunday. The church is to be decorated, committees are to meet and the whole place will be a beehive of industry. Representatives of the churches are asking for assignment on every mail. Every sign points to a great gathering.

The ladies of the church are looking forward with much pleasure to reception to be given Mrs. Atwater, National President of the C. W. B. M. on Monday afternoon. The management of Academy Hall has very kindly placed their commodious quarters at the disposal of the church ladies for this function. In addition to the National President all the state officers will be present and the whole affair offers a charming opportunity to become personally acquainted with these ladies whose reputations have preceded them.

Mr. Chilton Prominent Speaker.

Possibly the most prominent of the speakers will be C. M. Chilton, of St. Joseph, Mo., who makes the principal address both on Wednesday and Thursday nights. Mr. Chilton has been for many years pastor of the leading Christian church in St. Joseph. He has acted as President of the American Christian Missionary Society, the national missionary organization of the Disciples of Christ, and last year at the National Convention at Louisville his President's address was credited with being the most statesmanlike utterance of the convention.

The many friends of A. E. Cory, leader of the Million Dollar Team, who worked in Jacksonville last spring, will be pleased to note that his name appears on the program for an address on Thursday afternoon. Nobody who heard him speak last spring will want to miss hearing him again.

Two Successful Workers.

E. J. Meacham and Miss Cynthia Maus are two Sunday School workers who have never been heard in Jacksonville before. The former, at the head of the Bible School force of the Standard Publishing Co., of Cincinnatai, Ohio, is exceptionally forceful and suggestive in his Adult Class work. He has a national and growing reputation, he is a "live wire" and speaks with rare charm. Miss Maus has made a specialty of work with pupils of the "teen age" period. While comparatively a new worker, she has "made good" in every sense of the word and will be most profitable to the workers of the Advanced Division.

All the sessions of the convention will be open to the public. There will be no reserved seats and no admission charges. A most cordial invitation is issued to the general public to attend any or all sessions.

Miss Lillie Faris of Cincinnati, O., Bible school expert, who will have charge of the promotion exercises Wednesday afternoon, and will take part in the Bible School conference.

Mr. and Mrs. J. W. Burner, missionaries from Buenos Ayres, who will speak on "South America" Tuesday afternoon.

A. E. Cory of Cincinnati, O., leader of The Million Dollar Campaign, who speaks on "The Miracle of Modern Missions," Thursday afternoon

E. J. Meacham, Cincinnati, O., Bible school expert in the adult department, who will be prominent in the Bible School conferences.

CONSERVATORY NOTES

Mrs. Geneveive Clark Wilson, who takes charge of the voical department of the Illinois College Conservatory in September, 1913, has not only large experience as a singer, winning fame throughout the United States in concert and oratorio, but has also attained a great reputation as a teacher wherever she has acted in that capacity. Among those who studied with her are the following professional singers.

Mrs. Luella Chilson Ohrman, Mrs. Marie White Longman, Mrs. Lillian French Reade, Mrs. Ora Flecher, Mrs. Sarah Sherman Maxon, Miss Louise Burton, Miss Leanora Allen (soporano, Chicago Operatic Quartet), Mrs. Rennie Frieber (Aborn Opera Co.), Agnes Fleming (Director Choral Club, Chicago Heights', William Happer (Dean of Lawrence Conservatory, Appleton, Wis.), Robert Rice Carson (tenor, Director of a Conservatory in Dakota), Mrs. Pearl Schroeder (soprano, private school in Spokane, Wash.), Miss Margaret Struter (public school music in Los Angeles, Cal.), Miss Georgia Gardner (Conservatory in Quanah, Texas) Miss Hazel Wells (vocal department Macomb Conservatory of Music), Miss Lillian Smith (Head of vocal department, State School for the Blind, Jacksonville, Ill.), Miss Mabel Preston Hall (now finishing with Ternina for Opera in Leipsig), Miss Jeanette Bell Ellis (soprano, Brooklyn Choir), Dr. Hugh Schussler (Royal Opera, Darmstadt, Germany), Mrs. Wurth, (vocal department, Englewood Conservatory), Mrs. Hall (Broadway Tabernacle, Toronto, Canada), Miss Wilcocks (First Methodist Church, Toronto), William J. Tucker (Bass Soloist and choir director, Beloit, Wis.), Miss Stella Hitchcock (four years head of vocal department, Wilson College).

ILLINOIS COLLEGE
Conservatory of Music.

The Conservatory of Music had last year one of the most successful years in its long history. The same strong faculty with the addition of Mrs. Genevieve Clark Wilson, a singer and teacher of national reputation, will be in charge durng the coming year. Director W. E. Kritch will be glad to confer with any students or parents who desire information about the work of the school. Call Ill. phone 454.

FIFTIETH BIRTHDAY OF FAMOUS COMPOSER TODAY.

Mascagni Will Receive Congratulations on Anniversary—Known World Over as Author of Cavalleria Rusticana.

Rome, Sept. 6. Signor Mascagni, the brilliant composer of the opera "Cavalleria Rusticana," is being showered with congratulations in anticipation of his 50th birthday anniversary. It will be a half century tomorrow since Mascagni first saw the light of day, in the city of Leghorn. His father was a baker, sturdy and practical. It was his wish that Pietro should study law.

It is recorded that the baker, having become reconciled to Pietro's plan of musical cultivation, presented his talented son with a piano. But the baker compelled Pietro to master the rudiments of his profession before the new piano was allowed in the house. As early as 1881, when only 18 years old, Mascagni composed an operetta. His next ventures were an "Ave Maria" and a "Pater Moster," which won for him the first prize at the Milan exhibition.

A year later Mascagni composed a cantata, "Alla Gioja," which attracted widespread attention. Then his uncle and patron died, financial difficulties threatened to end his musical career, but one of his compositions won for him the friendship of Count Florestana de Lardarel. To the count the "Cavalleria Rusticana" was subsequently dedicated. His new patron sent Mascagni to the Milan conservatory. In 1886 Mascagni settled in Cerignola, and began work on the opera destined to make him famous.

The completed work was entered in the competition instituted by Sonzogno at Milan as "Cavalleria Rusticana,a one-act musical melodrama." It languished untouched for eighteen months, the first public hearing May 17, 1890. Its success was immediate, and in a day Mascagni became famous.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

STOCK MARKET PROVES DULL AFFAIR

CONDITIONS DO NOT FAVOR ACTIVE MOVEMENTS OF STOCKS.

Undertone is Strong and Changes Are Generally Toward a Higher Level—New Haven Slumps Nearly Two Points—Showing of the Banks Better Than Expected.

(By Associated Press)

New York, Sept. 6.—Speculative conditions today did not favor active movements of stocks and the market was a dull affair. The holiday on the London exchange deprived this market of stimulus from that source. Uncertainty regarding the weekly bank statement and the forthcoming crop report also tended to keep down speculative commitments to a minimum. The undertone was distinctly strong and changes were generally toward a higher level.

The further small advance was due to a continuation of the short covering which brought about yesterday's rise. The most important movement of the day was a slump of nearly two points in New Haven. Withdrawal of J. P. Morgan & Co. as fiscal agents for the road led to active trading in the stock at the opening and it quickly declined to 90, half a point above the low record. At that figure it met with support and mounted steadily until it had scored a full recovery.

The copper shares and Reading were the strong features among the active issues. In the list of specialties several stocks, including Pullman, People's Gas and California Petroleum made material gains.

The showing of the banks for the week was better than expected. Although fears had been expected that surplus reserve would be eliminated, leaving a deficit, the actual tables showed a shrinkage of less than $5,000,000, notwithstanding a cash loss of $5,000,000. This was due to a scaling down of loans by $10,000,000.

BIG SALES OF CORN HAVE BEARISH EFFECT

HOLDERS ANXIOUS TO TAKE PROFITS IN ADVANCE OF CROP REPORT.

Predictions of Rain and of the Breaking of the Hot Wave and Liberal Country Offers Counted in Deciding Many Corn Owners That the Time Had Arrived to Realize.

(By Associated Press)

Chicago, Sept. 6.—Big sales of corn by holders anxious to take profits in advance of the government crop report had a bearish effect today on all grain. At the close, declines were as follows, compared with last night: Corn, ¼@⅜c to ½c; wheat, ¼@⅜c; oats, a shade to ⅛@¼c. In provisions the outcome varied from 5c loss to an equal gain. Predictions of rain and of the breaking of the hot wave before Monday and liberal country offers counted a good deal in deciding many corn owners that the time had arrived to realize.

Damaging hot weather over the west hoisted corn prices early in the session, prominent concerns led the buying, one house alone taking more than a million bushels. After the selling movement began in earnest, however, support gave out and the market became semi-demoralized, with no apparent power to rally.

Wheat was affected to a considerable extent by the action of corn. An early advance in the latter grain helped wheat values and a later decline weakened them. Unfavorable weather northwest tended to aid the bulls but was offset by weak cables and the slowness of milling and shipping demand. The closing tone was weak.

Oats received relatively better support on soft spots than other grain did. Two well-known speculators were conspicuous in the buying. It was a choppy market for provisions. Pit traders did most of the business and were about evenly divided in their opinions.

PRIZE STOCK QUARANTINED.

Columbus, Ohio, Sept. 6.—Prize stock, the estimated value of which is half a million dollars, was quarantined at the Ohio State Fair here late today by the State Board of Health, when it was discovered that a cholera epidemic had broken out in the hog exhibit.

Thirteen hundred hogs, constituting the "swine aritocracy" of Ohio, are effected by the quarantine.

STATE NEWS.

Frost Fifty Years Ago—It was 50 years ago, or within a few days of that time when a killing frost settled over Illinois and damaged crops to a great extent. It was an utter destroyer of the crops of the country, and cattle and horse were sold for little or nothing on account of the scarcity of feed. It was one of the hardest winters ever known in Illinois. The frost came only a few weeks after the battle of Gettysburg and many of the men of the north were in the army, leaving the women folks and children to carve for the home and farm duties.

Milk High in Peoria—Up in Peoria the dealers have raised the price of milk to ten cents per quart alleging that the high price of feed has necessitated this increase. There is an idea prevailing though in Peoria that a combination of the dealers has much to do with the increase. In Pekin dealers are still charging eight and one-third cents and say they have no intention of increasing the charge.

Shallow Water Bothers Steamers—Several steamers have stopped their runs above Alton for fear they could not cross the Hog Hollow Bar. Other boats, however, have found a six foot channel over on the Missouri side and disregarding the buoys are getting through.

May Probe Light ranchise—The Alton city council this week may take up the question whether the Piasa Light and Power company franchise has expired. The franchise ordinance fixed the rates to be charged private consumers and specified that unless the company was ready to serve private consumers from a suitable plant by September 1, 1913, the franchise might be declared void by the council. The company built no plant, but is buying power from the Alton Gas and Electric company and has made no attempt to get private consumers of electricity, the company doing only the street lighting. The Piasa company has a twenty year contract for street lighting.

Brown County Circuit Court—The September term of the Brown county circuit court will be convened Monday, September 8, with June Guy R. Williams presiding. There are but two criminal cases on the docket, one for hog stealing and the other for incest. Other court business will also be light.

Clayton Chautauqua—A chautauqua is in progress at Clayton in Adams county and in spite of the heat is being well attended. One of the early attractions was Governor Haliario Vigil of the Tesuque Tribe of Indians, who brought a number of members of the tribe with him.

Boy Crushed by Horse—Alfred Johnson, a 13-year-old farm boy, was killed at Blaine, near Rockford, when a uarge horse which he was when a large horse which he was pasture, stumbled and rolled on him, crushing out his life.

Died From Injuries—Fred Charittes of Waterburg, Conn., died at Bloomington from injuries received there a week since when struck on the head with a brick thrown by a fellow employe. The killing was accidental, according to a coroner's jury.

Bullet For Cat Imperiled Woman—A bullet intended for a cat which disturbed a neighbor's slumbers one morning recently pierced the wall of Mrs. Lela Ellison at East St. Louis, imbedding itself in the bed only a few inches from her head.

Irregularities Charged—William Rodenberger, city comptroller of East St. Louis has been served with a subpoena duces tecum, procured by State's Attorney Charles Webb, commanding Rodenberger to appear before the St. Clair county grand jury with all vouchers, warrants and other records of expenditures of the city from January 1, 1912, to May 3, 1913. Webb will use these records in an investigation which he will ask the grand jury to make of alleged irregularities in the city's affairs. Rodenberger said he would obey the order. The grand jury will convene in East St. Louis September 15. A confession made by a former alderman, implicating himself and five other former officials, is said to be the main link in Webb's chain of evidence of alleged bribery.

Posed as a Mason—J. P. Masterson, proprietor of a meat market in Pekin, recently suffered a loss of $10 by cashing a check for a stranger. The imposter claimed to be a Mason and the check he presented supposedly had the signaturwe of the secretary of the one of the Masonic lodges in Pekin.

Will Build Church at Gibson City—The corner stone for a new Methodist church at Gibson City was laid recently. The pastor of the church is Rev. Mr. Fletcher. The corner stone was laid by Rev. F. B. Wadden of Champaign, assisted by Rev. W. D. Fairfield of Paxton.

AMERICAN WOMEN CARELESS.

They over-estimate their physical strength and take chances which in the long run cause pain and trouble. Wet feet, a cold from exposure, neglect of such warning symptoms as backache, nervousness, bearing down pains, all lead to untold suffering. To all such woman we want to say Lydia E. Pinkham's Vegetable Compound is the unfailing remedy in such cases. Thousands of American women testify to its virtue. (Adv.)

IF CONSTIPATION OR BILIOUS "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They Work While You Sleep.
Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

THE ILLINOIS WOMAN'S COLLEGE

We want every person in Jacksonville to know more about the Woman's College. The college has grown so gradually that few persons realize how thoroughly equipped it now is, and how fully it meets every requirement for the higher education of our young women.

Do you know that Jacksonville has oneof the largest woman's colleges west of the Allegheny mountains?
Do you know that the Illinois Woman's College represents an investment of nearly $500,000.00?
Do you know that this institution brings over one hundred and fifty thousand dollars annually to Jacksonville?
Do you know that Illinois Woman's College is spending this year for the artists' course alone over $1200 for the benefit of its students.

The students of Illinois Woman's College may have free admission to these entertainments in the Artists' Course. The following is a list of attractions that have been contracted for the year 1913 and 1914:

Artists' Course

Nov. 3—Van Vliet—Solo Cellist for the Minneapolis Symphony Orchestra, accompanied by Marie Edwards—Piano.
Nov. 17—Mrs. Grace Wood Jess—Soprano, accompanied by Miss Robinson, who has been assistant to Fanny Bloomfield Zeisler.
Dec. 1—Jacob A. Riis—Author and lecturer on immigration.
Jan. 12—Clarence Eddy—Pipe organ recital. Has dedicated more pipe organs than any other one man in America.
Jan. 31—Montaville Flowers—Reader. Ranks next to Leland Powers in ability.
Feb. 9—E. Howard Griggs—Art Lecturer. To lecture on art subjects in the afternoon and evening.
March 2—Christine Miller—Voice recital. Very prominent in Grand Opera work in New York City.
March 27—Kneisel String Quartette of Boston—The leading exponents of chamber music.

We want you to visit the college and see for yourself the equipment we offer to young women who take the work here. Visitors are welcome at any time during the day.

The Woman's College believes in Jacksonville, is helping to make this a greater and better city, and hopes for the interest and co-operation of every citizen.

JOS. R. HARKER

Catalogues may be obtained at any of the music stores or book stores. Registration Days—Sept. 15-16. The College office is open daily from 8 a. m. to 5 p. m. and arrangements may be made at any time.

TO THE LADIES

Of Jacksonville and Vicinity---This Is a Story of Jacksonville's Leading Ladies' Tailors

During the past ten years, while engaged in exclusive Men's Tailoring, we were constantly requested to make coats and suits for ladies.

At first we could not see our way clear to take in this work, but requests became so frequent and urgent that we finally decided to give this class of work a trial.

Our success was such that last Spring we were compelled to organize a separate dkpartment to accommodate this fast growing business. This department is now well organized and equipped to make anything in the Ladies' Tailoring line. Mr. Tony De Matteo, an expert ladies' cutter, fitter and tailor, is in charge.

We carry in stock a complete line of staple suitings and coatings, such as broadcloths in all shades, and blue, black and gray serges. Our novelty line includes the latest shades of brocades, velours, baby lamb, zebeline, imported ratines and combination suitings. It is our aim to keep prices within reach of all.

We make Suits and Coats from $25.00 up; Skirts from $7.00 up. We also cut, make and trim Suits, Coats and Skirts where the material is furnished at a very low price

We will guarantee a perfect fitting garment, as well as the latest styles. The workmanship will be the best that expert workmen can give.

We wish to extend a cordial invitation to all ladies to pay us a visit, look over our styles and fabrics and get our prices.

We are offering special inducements to early buyers. It will pay you to come in at once.

NEW SCHOOL LAW MAY BE TESTED

DIRECTORS DOUBT CONSTITUTIONALITY OF MEASURE.

Recent Refusal of Directors to Sign Approval Blanks of Pupils May Bring the Matter Before the Courts—Text of New Law.

With the opening of the school year in the public schools, considerable interest is being manifested in the new senate bill, which provides that pupils who have finished the eighth grade work in a district school, may attend another district in which is located a high school and that the tuition for such pupils must be paid by the district from which the pupil came. At the local high school there will be some fifty or more students who came from out of the city. There has already been manifested a disposition on the part of some of the directors to doubt the constitutionality of the new law and in one or two instances, the directors have refused to sign the approval blank. The law reads:

Provisions of Law.

Senate Bill 30. Be it enacted by the people of the state of Illinois represented in the general assembly: That, the graduates of the eighth grade residing in a school district in which no public high school is maintained, shall be admitted upon the payment of tuition, to any public high school, with the consent of the school board of the district in which such high school is situated. The tuition of such pupils shall be paid by the district in which they reside, from any funds not otherwise appropriated, but in no case shall the tuition per pupil exceed the per capita cost of maintaining the high school selected. The parent or guardian shall select the high school to be attended, subject to the approval of the directors of the home district. Provided, however, that the high school selected offers a program of studies extending through four school years. The application of this act shall not relate to districts that provide work in the ninth and tenth grades except to pupils that have completed the work of such grades.

A well known educator in speaking of the law last night said: "The purpose of the law no one questions, but the wording of the law is doubtful in several ways. In the first place it provided that the law might be evaded if the district school provides work in the ninth and tenth grades. This would be difficult for schools to do, however, as they would not have the proper equipment or time enough, as would be provided in a regular high school. In the second place it puts the matter in the hands of the directors by requiring their approval of the high school attendant. The question is whether the directors can carry their wishes so far as to defeat the measure. Or it might be that the directors would wish to send the pupils to another district which contained a high school where the tuition was lower.

"In the third place in speaking of the tuition it says it shall be paid 'from any funds not otherwise appropriated.' The directors can say that they have no money appropriated for such a purpose. Of course the framers of the bill had the good of public education in view when it was made, but they did not think of the many complicated cases which could arise, where the text would be difficult to explain."

It will be remembered that at a recent meeting of the board of education, the tuition of pupils from outside of Jacksonville was raised to $60. Those who are responsible for this claim that if it had been considerable lower, that so many pupils would come in that additional room would have to be provided, also extra teachers. As it is now the $60 does not quite pay the pupils' cost. Over in Springfield the tuition was lowered $10. It was done on an urgent request of the farmers, who claimed that they were vitally interested in Springfield, spent their money there, brought in their produce and believed they had a voice in saying something of the tax they should pay for pupils from their district.

FUNERALS

Manley.

The funeral of Mrs. Nora Manley was conducted Saturday at 6 p. m. from the Central Christian church in Franklin, in charge of the pastor, Rev. J. E. Teaney. Music was furnished by the church choir. The lateness of the funeral was due to the fact that the Burlington train, by which the remains were conveyed from Jacksonville, was three hours late. The remains will be taken to Alexander this morning and from there to Lostant, where interment will be made.

The bearers were Messrs. Newton Reinbach, Henry Wyatt, Timothy Luby, John Votsmeier, William Hills and John Wynn.

DR. NORBURY AND DR. DOLLEAR NOW ASSOCIATED.

Dr. F. P. Norbury has associated Dr. A. H. Dollear with him and they will have offices in Springfield in the new Prince building. They will specialize on nervous and mental diseases. Dr. Dollear will have charge of the laboratory and treatment work and Dr. Norbury act as consultant. It is the intention also to later establish a hospital. Dr. Dollear has spent the past year as assistant to Prof. Rochester of Rush Medical college and prior to that was assistant to Dr. Singer of the psychopathic institute at Kankakee. As noted elsewhere Dr. Norbury is to visit Jacksonville at stated periods and will have an office in the Ayers bank building.

School books and supplies, everything that's needed at Obermeyer's.

WILL ENTER ILLINOIS COLLEGE.

Royal Davis of White Hall and Oren Nicholson of Pittsfield were in the city Saturday completing arrangements for entrance to Illinois College this fall. Charles Wankel of Virginia is another new student who will be among theh freshmen this year.

G. W. SPIRES COAL AND FEED CO. READY FOR BUSINESS.

Lease Property of Clare Coal Co. and Lemp Brewing Co. on East College Avenue—Will Handle Best Grades of Coal and All Kinds of Feed at Retail.

The G. W. Spires Coal and Feed company is the name of a new firm which has just opened for business at 705 East College avenue. The firm has leased the property of the Clare Coal Co. and also the extensive yards and building owned by the W. J. Lemp Brewing Co. The coal yards are conveniently arranged and have ample shed room and the best grades of Carterville and Springfield coal will be carried at all times. The Brewing company building is spacious and will provide ample space for the storage of grain, hay, corn, oats and all other kinds of feed. G. M. Spires will be the manager and his long experience in handling hay and other feed makes it certain that he thoroughly understands this business. The phones are Bell 71 and Illinois 1201 and a ring on either or a call at the yard will guarantee prompt and satisfactory service at the lowest possible prices.

YOU WILL FIND LUMBER FROM THE CRAWFORD YARD FOR A SMALL JOB OR A LARGE ONE IS SATISFACTORY.

SHORT SCHOOL SESSIONS DURING HOT WEATHER

PHYSICIANS SOON TO MOVE TO AYERS BANK BUILDING

Dr. Black and Others Will Take Entire Second Floor—Special Arrangement of Offices For Their Needs.

Announcement was made Saturday that Dr. Carl E. Black's office building on East State street is soon to be closed as such and that Dr. Black and other physicians there have completed arrangements for the occupancy of the second floor of the Ayers National bank building. Some changes are to be made there and as soon as these are finished the new tenants will take possession.

As one steps from the elevator on the second floor he will find a glass door opening into the corridor and showing the names of the physicians having offices there. To the south from the elevator will be a prescription drug store owned by Coover & Shreve.

An attendant will be constantly near the corridor door and will direct those who enter to the reception room which will be at the east side of the building. It will be a delightful room, 12 by 24 in dimensions, with three windows looking out on the square and one toward State street. North from this room Dr. Black will have one examination room for women patients and another for men and between the two rooms another for supplies.

Adjoining the reception room on the west, Dr. E. L. Crouch will have two offices. Next in order are offices of Dr. Black and Dr. George Stacy and a roomy library. There are four other rooms on the floor and it is likely that Dr. C. B. Sawyer and Dr. A. R. Gregory, who are now quartered in the Black building, will have offices there, but no statement could be secured from them last night. Dr. Norbury, who has associated Dr. A. H. Dollear with him with principal offices in Springfield, will also have an office there and will come to Jacksonville at stated times.

Mention has been made of the prescription drug store to be operated on the floor with the offices. None of the physicians will keep drugs but will write prescriptions which can be filled at this drug store or elsewhere.

Altogether the arrangement seems especially desirable for all the physicians concerned and the public will no doubt appreciate the accessibility and convenience of the offices. The management of the Ayers National bank building is providing every convenience and the best possible service for the business and professional men with offices there and this no doubt accounts for the rapidity with which offices have been taken in the building. Just what disposition will be made of the Black building has not been announced but it is understood that a sale has been practically consummated.

WILL BEGIN WORK AS CHILDREN'S LIBRARIAN

Miss Ruth McLaughlin Arrives from Orange City, N. Y., to Take Position in Public Library.

Miss Ruth McLaughlin, formerly of this city, who has been attending school and doing special library work in the east, arrived Saturday to take her position as children's librarian in the Jacksonville public library. She succeeds Miss Georgia Lutkemeyer, who resigned last month after a term of service of three years to study library science in Wisconsin University at Madison. Since leaving the city in 1911 Miss McLaughlin has studied in the Packer institute of Brooklyn, the New York Public Library school and has done library work in East Orange, N. J. In all her study she has specialized in children's work.

After finishing her collegiate course at Packer Institute in 1911, Miss McLaughlin took examination for admission into Pratt Institute library school and the New York City Public Library library school.

She chose the latter on account of the special advantages for the study of methods in children's libraries and for practice work. During her year of study in New York she saw practical experience in the Bloomindale and Epiphany branches as well as at the Chatham Branch library, a large institution located on the East Side.

In East Orange, a city of 30,000 people, she had a general assistanship which included work at the city playgrounds and the social centers. She told stories to the children each week at a large social center playground called the "Oval" as well as at one of the playgrounds connected with a school of East Orangfe. Miss McLaughlin has the wishes of a number of friends in the city for her success in the new position for which she has been so well prepared and so especially fitted. She takes charge of the children's library Monday.

You are invited to attend the "Tom Thumb Wedding" at Centenary M. E. church Tuesday night.

True to the period it represents there is a satisfaction in its possession that cannot be secured in furniture less worthy.

The price of Berkey & Gay furniture is as attractive as the furniture itself.

We have an excellent assortment on our floors at the present time, and in addition show in photogravure portfolio form the Berkey & Gay Co's complete line of over 2000 pieces.

Louis XV, Louis XVI, Sheraton, Chippendale, Colonial, Italian and Flemish Renaissance, and the celebrated Flanders, for the bed-room, dining-room and library.

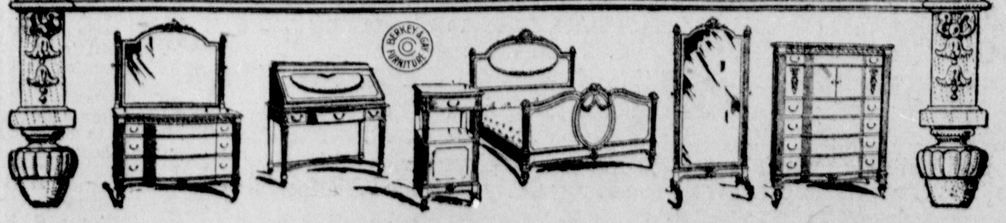

You are cordially invited to inspect it.

LOUIS XVI FURNITURE

THE style of furniture known as Louis XVI or Marie Antoinette, derives its name from the French monarch and his queen. In design and style it is a sharp contrast to the furniture of Louis XV which just preceded it. Instead of curves and an over-abundance of decoration, are straight lines and simpler ornamentation. The laurel and the oak leaf take the place of the endive and the twisted acanthus. The Greek band replaces the shell and the fluted column is a constructive part of every piece. The simplicity and style of Louis XVI furniture is such that the demand for it has continued down through two centuries and when it is correctly interpreted it is as suitable in an American home of the twentieth century as it was in a French palace of the eighteenth century.
